NO. 252—SIXTY-FOURTH YEAR

VICTORIA, BRITISH COLUMBIA, TUESDAY, OCTOBER 3, 1922

EIGHTEEN PAGES

DRAFT OF PROPOSALS FOR PEACE MEETING

French Envoy Confident That Agreement Will Be Reached at Mudania Conference Today—Gives General Harington Account of Negotiations With Nationalist Leader

Greek Retiring Limits Pending Treaty to Be Set

LONDON, Oct. 2.—Lord Curzon, British Foreign Secretary, has made known to Count de Saint-Aulaire, the French Ambassador at London, the attitude which the British will take at the Mudania conference with regard to the Thracian situation. The British delegates will be instructed to adhere to the view of the French and Italian generals respecting the limits to which the Greeks should retire to await definite regulations by the peace treaty.

RUSSIAN FORCE OF NO EFFECT

Soviet Army Could Give No Assistance to Turks, Says Head of British Mission to Russia

VANCOUVER, Oct. 2.—Turkey could not secure practical assistance from the Russian Soviet forces, in the opinion of Sir Jocelyn Percy, K.B.E., C.B., C.M.G., D.S.O., who headed the British military mission with the Russian generals, Wrangel and Denikin, and who fought with General Sir Charles Harington in France. Sir Jocelyn was interviewed in Vancouver today.

Mustapha Kemal is too astute to open fire on the British, he thinks, but Mustapha is not above trying to bluff the Allies into giving him concessions. General Percy does not expect a command to retire to military service. If the situation were serious he would have been called, he thinks. He returns to farm on Vancouver Island tomorrow.

Not Willing to Fight
Dealing with the Soviet soldiers, Sir Jocelyn said: "The red army as a fighting machine is not to be taken seriously. The men who compose it are not Bolsheviks at heart, and the Soviet authorities know that if they attempted to send their forces into action, desertions would be so heavy that the army would soon disappear." A desire on the part of the Russians to preserve a whole skin is the only thing that makes it possible for the reds to maintain an army at all, Sir Jocelyn believes. Only by enrolling as a soldier is it possible to escape death either by shooting or starvation, he says.

Generally speaking, the men who compose the Russian armies would very much rather fight against their present masters than for them. Were they given the opportunity tomorrow to don British uniforms to fight against Lenin and Trotsky and the other dictators of the former Russian Empire, they would do it like a shot, in my opinion."

KING CONSTANTINE WOULD REVISIT SON

Consuming Ambition, He Says, on Eve of Departure, to Return to Greece Later as Citizen

ATHENS, Oct. 2.—King Constantine, in talking with friends before embarking for Palermo, Italy, where he is to make his home, made a plea that hearty support be given the new king and queen. He added: "I had some unhappy days, and do not regret this revolution." His consuming ambition, he concluded, was to return later as a simple citizen and visit his son, the new king. This request was communicated to the revolution committee, which declined to sign a document empowering his private return.

Former Queen Sophie wept unrestrainedly on the shoulder of the new queen, whom she commended to the love and support of all King George and Prince Paul, the latter of whom will henceforth be known as the Diadoque or Crown Prince, both motored to Oropos to bid farewell to their exiled royal parents. The party on board the steamer Patria included twenty-four persons. It is understood that Constantine and Sophie will travel as the Count and Countess Acharnon of Menidi. Acharnon is the ancient name of a village near Tatol, which is the seat of the royal summer palace. The modern name of the village is Menidi.

Besides providing an escorting destroyer for the steamer, the revolutionary committee placed 15,000 at the disposition of the abdicated king. The passports of the travelers were issued for Italy, Switzerland and Czechoslovakia.

COOL ROBBERY

Youth Walks Into Jap Store, Rings Up "No Sale," Took Cash and Vanished

VANCOUVER, Oct. 2.—A youth about eighteen years old walked into a Japanese confectionery shop here tonight, rang up "no sale" on the cash register, took \$10 and ran into the night before the Japanese woman in charge of the shop could raise an alarm. The boy displayed no weapons.

STILL ALARMED AT WAR SPECTRE

Situation in Near East Still Continues to Be Fraught With Danger, Is Opinion in England

NATIONALISTS TO BE URGED TO DECISION

Fear of Assassination Given as One of Reasons for Mustapha Kemal Not Attending Peace Conference

LONDON, Oct. 2.—The utmost significance continues to be attached here to the visit of former Premier Venizelos of Greece. It is declared that up to present moment Venizelos has been unable to attempt any alteration in the promise given by the British jointly with the other Allies in their note to Mustapha Kemal, that they would favor the return of Thrace as far as Adrianople, to the Turks. There seems to be some question, however, that this promise will continue indefinitely to hold good. The Turkish Nationalists, it is understood, are to be told tomorrow that if they wrangle too long over the subject of Thrace, it may become impossible for the Allies to force the Greek revolutionaries to abandon Thrace; also, that if the Kemalists make too many representations regarding the Greek atrocities in Thrace, they may be reminded that the Greeks are charging that similar alleged atrocities are being committed at the present time in the Smyrna district.

May Request French Police
Unless Ismet Pasha, the Nationalist representative to the conference, has orders to the contrary regarding Thrace, it is regarded here as an easy task to obtain his consent to any reasonable arrangement pending the peace conference. It is understood he will ask that French troops be allowed to occupy and police and administer Thrace as far as the Maritza, by advancing their present Tchatalja lines, the French thus resuming the power they exercised in the Spring and Summer of 1920. It is declared in some quarters here that the French are known to have long been anxious for such legislation, which they would like to make permanent if possible. One of the reasons given for Mustapha Kemal himself not attending the conference is that he is in fear of assassination or imprisonment.

The whole situation is considered here to continue to be fraught with danger, and to justify the present easing of the tension.
The evacuation of Thrace
It is learned that M. Bouillon has secured Kemal's pledge to suspend military movements during the armistice conference, provided the Allies accept the following conditions:
1. Formal guarantees concerning the evacuation of Thrace.
2. The establishment of an Allied garrison in the larger towns of Thrace.
3. The occupation of Thrace by Turkish Nationalist gendarmes.
4. Transfer of the civil administration of Thrace to Kemal functionaries.
5. Evacuation of Thrace within eight days by the Greek army.
6. Occupation of the western line of the Maritza River by Allied troops.

One of the British proposals, it is reported, will be the establishment of a new neutral zone on the Asiatic side of the Dardanelles.
Interviewed British Commander
M. Franklin Bouillon had an interview this evening with Gen. Harington and also meetings last evening and today with Allied high commissioners, to all of whom he gave an account of his negotiations with Kemal.
The presence of small detachments of Turkish infantry in the neutral zone near Chanak this morning is reported.

Substantial Reward
Canadian Bankers' Association Offers \$5,000 for Information of Bank Robbers

WINNIPEG, Oct. 2.—In connection with the recent bank robbery in the Western provinces, the Canadian Bankers' Association points out that there are substantial rewards up to \$5,000 offered by the association for information leading to the arrest and conviction of bank robbers.

Water Rates on All Quantities Over the First 600 Cubic Feet Will Be Advanced—Consider New Plan for Light Consumers

Water rates on all quantities over the first 600 cubic feet will be increased in Victoria two cents per cubic foot, the change to take effect at once.
This was decided on by the City Council last night when a recommendation of the Public Works Committee, headed by Ald. R. A. C. Dewar, was adopted. The increase was authorized "in view of the cost of the water supply and the recommendation of the Water Commissioner."

The new rate will add \$1,600 to the city's revenue this year and \$5,000 for the twelve-month period in 1923.
A new water rate, whereby smaller houses pay less and larger houses more, is now being worked out by experts in the Waterworks Department. Water Commissioner F. M. Preston informed the City Council.

Mr. Preston was asked to suggest ways of increasing his department's revenue. Besides water, garbage collection is the only item that can be increased, he reports. He suggested that the fee for the privilege of dumping garbage on the city scow be increased by ten cents, increasing the revenue by about \$50 a month. Mayor Marchant quoted figures to show that the minimum water rate charged in Victoria was higher than in most British Columbia cities, and he believed there should be a reduction. The present minimum was \$1.80. In Vancouver it was only \$1.01.

Building Inspector James Hart suggested that laundries and wash-houses be checked over with a view to placing them all on the tax list, and that creameries and garages having car washing facilities be charged three dollars a year. Plumbing fixtures, he said, could be charged fifty cents instead of twenty-five, and plumbers' deposits raised from \$20 to \$50.

DENY REPORT TIME LIMIT GIVEN TURKS
CONSTANTINOPLE, Oct. 2.—British general headquarters here today issued a denial of a report originating in England that General Harington would demand the evacuation of the shores of the Dardanelles by the Turkish troops within 24 hours. That question, it was stated, would be discussed at Mudania.

British Parliamentary Here

MR. ARTHUR NEVILLE CHAMBERLAIN
Member of the British House of Commons, Who Is Now a Visitor to the City

GOVERNMENT NOT POPULAR

But Mr. A. Neville Chamberlain, British M.P., Does Not Think That Election Would Result in Change

"I would say that the present British Government is a distinct unpopular one. Any Government that has been in office for four years is bound to be, because of what it does and what it does not do. But I feel that the Government now in power has been patriotic, conscientious and hard working. It has made mistakes, of course. Every Government does that. But I feel convinced that when the next elections come, and the electorate is brought face to face with the question of who will replace the present Government if it is forced from office, the people will realize that there is no other party or combination that could administer the affairs of the country more efficiently than at present, and the result will be generally the same as at the last election. There will be a certain amount of redistribution in all likelihood, but the position in the main will be unchanged."

That is the summary which Mr. Arthur Neville Chamberlain, member of the British House of Commons, and son of the late Right Hon. Joseph Chamberlain, gave to The Colonist last evening at the Empress Hotel when discussing the political situation in the Old Country. The parliamentarian arrived yesterday morning from the Dardanelles, and expects to leave again on Wednesday.
The Labor party will be stronger in the House of Commons after the next election, Mr. Chamberlain expects, but has no hesitation in predicting that it will not be there in sufficient force to be able to form a Government.
The distinguished visitor admitted that there were disruptive influences at work within the Unionist party, which election he believed an actual split would occur.

Commons Not Degrading
Asked if he thought it true that the House of Commons was degenerating as far as the standard of its personnel was concerned, Mr. Chamberlain (Continued on Page Four)

LONDON, Oct. 2.—M. Venizelos conferred with Lord Curzon this evening, and interviewed a number of prominent officials during the day. He still declines, however, to make any public statement on the ground that he desired to be more completely informed on the situation. He hopes to confer with Premier Poincare at Paris tomorrow.

ASKS KEMAL PASHA EXTEND TIME LIMIT

SMYRNA, Oct. 2.—Rear-Admiral Mark Bristol, commander of the American naval squadron in Turkish waters, is striving through the commanders of the American destroyers here to induce Mustapha Kemal Pasha to extend the time limit for the evacuation of the refugees from Smyrna, but thus far without success.
To date, 300,000 persons have been evacuated, but a large number still remain. A pall of pestilence hangs over the city, which is rapidly becoming uninhabitable. The American sailors are continuing their work for the relief of the sufferers.
Twelve Greek boats under the protection of the American flag, left yesterday with thousands of refugees for Mitylene and other islands off the Smyrna coast.

Will Be Examined
VANCOUVER, Oct. 2.—A woman who says her name is Thoresen, but refuses to divulge anything more about herself, tried to jump from a train east of here today. She explained that she wanted to go home. She carried a ticket from Winnipeg to Blaine, Wash. She declined to transfer here to a train for Blaine, but would not discuss her reasons. She is in charge of the police matron and will be examined as to her sanity.

TEN THOUSAND MENNONITES LEAVE

E. I. PASO, Tex., Oct. 2.—The migration of ten thousand more Mennonites from Canada to Mexico will begin this month, the Mennonite church having advanced \$4,000,000 to families contemplating the trip. F. B. Waibe, their representative, announced here. The migration, when complete, will involve settlement of 200,000 Canadian Mennonites, Mr. Waibe said.

FRENCH SUPPORT TO TURK AIMS

England and France May Be at Cross-Purposes Over Evacuation Proposals at Mudania Conference

PARIS, Oct. 2.—French hopes for the peaceful settlement of the Near Eastern crisis are centred upon the Mudania conference. While the government believes the worst is over, there is no desire to be optimistic pending determination of the two main issues by the generals of the Allied powers and the Turkish Nationalists.

The French representative at Mudania is expected to support the Turkish proposal for the evacuation of the refugees from Smyrna by immediate evacuation of Eastern Thrace by the Greeks. The fear is expressed, however, that Great Britain will not support such a plan, especially at a conference at which there is no provision for Greek representation.
Further danger to the success of the conference is seen in the firm determination of the British not to retire from Chanak, and should the Turks make this retirement one of their conditions it is foreseen that an agreement might be impossible.

At Critical Time
In well-informed, though unofficial circles, the most that is said for the decision to meet at Mudania is that it brought a 48-hour's breathing space at a moment when hostilities between the British and Turks seemed inevitable, and that it now remains for the further removal of conditions which were leading to a clash.
In official circles, however, the expressions were much more optimistic, and the belief was indicated that the danger of war had virtually disappeared.

RUSSIA'S BLOCKADE PROTEST A SURPRISE
LONDON, Oct. 2.—The Russian note of protest against a blockade of the Dardanelles has caused some surprise in official quarters, as the British Government has heard of no blockade, and strongly doubts whether there is any justification for the protest. It is considered possible, however, that the Allied commanders, for military considerations, may have adopted measures of a blockade character in the Dardanelles.

Will Be Examined
VANCOUVER, Oct. 2.—A woman who says her name is Thoresen, but refuses to divulge anything more about herself, tried to jump from a train east of here today. She explained that she wanted to go home. She carried a ticket from Winnipeg to Blaine, Wash. She declined to transfer here to a train for Blaine, but would not discuss her reasons. She is in charge of the police matron and will be examined as to her sanity.

CHRISTIAN CRIES MET WITH TURKISH LASH

Wretched Smyrna Sufferers Willing to Be Robbed if Robbing Purchases Life—Only Ships' Searchlights Induce Soldiers to Desist Brutal Excesses, Says Relief Worker

Part Children From Evacuating Parents

CONSTANTINOPLE, Oct. 2.—"The cries of the Christian refugees of Smyrna for water and food are met by a Turkish lash," says Dr. Esther Lovejoy, of New York, president of the American Women's Hospital, who has just returned here after a week's survey in the stricken city. Dr. Lovejoy declared that the world has not been told the real story of fire and horror.

Lives in Peril
"There are still several hundred thousand Christians in Smyrna and the interior whose lives are in peril, for the time limit of the evacuation has expired," she said. "Only Providence knows what their fate will be. The crowds on the quay are so great that some of them are pushed into the sea. Women stand waist deep in the water holding their babies aloft in their arms to save them from drowning. Turkish soldiers are systematically robbing the men and wretched sufferers are willing to be robbed if the robbing can purchase life."

"At night the Turkish soldiers commit excesses against women and girls. Only when searchlights from the ships in the harbor are turned on them do they desist."
Dr. Lovejoy said that a Turkish soldier, mistaking her for a Greek woman, struck her heavily with the butt end of a rifle and left a mark. She declared she saw two men attempting to escape by swimming out to a boat. They were discovered by Turkish soldiers, who fired on them. The shots went wild.

Anguish of Refugees
One of the officers asserted Dr. Lovejoy, witnessed a Greek woman cut her throat and then hurl herself into the water and drown. Americans at home, she said, could not begin to visualize the terrible anguish of the refugees as their loved ones were torn from them. Children are being separated from their mothers and their fathers sent into the interior. Refugees who were evacuated must pass through a series of gates, she said. Dr. Lovejoy described how, at each gate the refugees were stripped of all their belongings, including their money and their clothing. In some cases the women were forced to undress so that they could not take any funds with them.
American relief workers in Athens have sent the following telegram to the headquarters of their organization here: "The Mitylene situation is chaotic and impossible to organize. The misery is inconceivable, the death rate is increasing and thousands of additional refugees are arriving."

"About 25,000 refugees are at Piraeus and more are expected. The American committee is caring for thousands of mothers and babies."

EVENTS TOO RAPID FOR PARLIAMENT

British Cabinet Can Scarcely Keep Pace With Developments in Crisis, Says London Observer

LONDON, Oct. 2.—In the opinion of J. L. Garvin, editor of the influential Independent Sunday paper, the Observer, the suggestion so clamorously made by the Rotherham press earlier in the present crisis of the Near East that parliament ought to be summoned, is "transparently fallacious and almost ludicrously unhelpful."

Garvin goes on to say the drama is moving too rapidly for ponderous parliamentary action.
The cabinet itself can scarcely keep pace with the development of events. In any case he asks who can pretend that the present house, product of a haphazard election, after four years possesses any representative authority.

Postpone General Election
Garvin also thinks that the critical condition of foreign affairs exclude any possibility of a general election, although the Government probably will endeavor at all costs to hold them in the Spring.
It is noteworthy that The Observer, so long ago gave wholehearted support to the coalition and to Mr. Lloyd George personally, but that now this has greatly diminished.

HEAVY CASUALTIES FOLLOW BRISK CLASH

Seven-Hour Battle Result of Republican Unsuccessful Attempt to Capture Killarney

BELFAST, Oct. 2.—Two soldiers of a Free State detachment were killed today when the detachment was ambushed by irregulars on the road from Farranfona, County Kerry, to Killarney. A captured irregular was wounded fatally, while seven irregulars received slight wounds.
An unsuccessful attempt by the republicans to capture Killarney, near Killarney, resulted in a seven-hour battle. The casualties are believed to be heavy. Two republicans were killed. Reinforcements from Tralee surrounded the republicans. A number of them were captured.

Strike Efforts Fail
HAVRE, Oct. 2.—The French steamer La Lorraine sailed for New York at 6 o'clock Sunday evening, despite a strenuous effort to enforce a strike.

Ex-Rear Admiral Dead
LONG BEACH, Cal., Oct. 2.—Rear Admiral Charles E. Clark (retired), U.S.N., died here today, aged 73.

RAILWAY CONVENTION RECALLS PIONEER DAYS

Coach That Carried Wives of Brigham Young and Was Held Up Seventeen Times, on Exhibition.

CHICAGO, Oct. 2.—Ezra Meeker, 92 years old, who traveled from Indianapolis to Seattle, Wash., seventy years ago behind a team of oxen, today recounted how he flew across the State of Washington at a mile a minute a short time ago.

Meeker, more familiarly known as "Uncle Ezra," is attending the American Electric Railway convention here.

A bicycle 57 inches high was ridden by William Meeker from Indianapolis to Chicago, and is one of the exhibits of obsolete means of transportation in the exposition held in connection with the convention.

Among the exhibits is included "Den Haladay, No. 14," a bullet-pierced mail coach drawn by four horses that carried Brigham Young's wives from Salt Lake to Sacramento, Cal. The coach has a record of having been held up seventeen times by "Black Bart."

FAVORS CHANGES IN POSTAL REGULATIONS

Conference Votes to Increase Maximum Indemnity From \$25 to \$100 Registered Articles Lost

OTTAWA, Oct. 2.—Important changes in regard to registered articles met with the approval of the first conference of Dominion postal officials at this afternoon's sitting. Votes taken favored:

1. Increase in the maximum indemnity for the loss of registered articles. The present maximum is \$25. The new maximum suggested is \$100.

2. Indemnity to include abstraction and damage. In regard to the last named vote, indemnity is now paid only if the registered article is totally lost. Should the decision of the conference be adopted, indemnity will be paid if the contents are missing or damaged.

Discussion during the day covered a wide range of topics, mostly dealing with the technical handling of mail. More than 100,000,000 letters and post-cards, and 100,000,000 newspapers are carried through the Canadian mails in the course of a year, according to figures presented by the Post-office Department. In addition, approximately 5,000,000 parcels and 250,000,000 circulars, etc., are handled. The statements showed, in the course of 12 months, 10,000,000 money orders and 6,000,000 postal notes were issued. There are 13,000 postoffices operated, and 12,400 mail routes.

An Important Utility

The summary of a year's business was given to the postal officials as indicative of the place of the post-office in the business life of the Dominion. Translated into dollars, the mail service expenditure for a year was stated to be \$15,000,000, and the annual cost of rural delivery service \$2,750,000.

Postage stamp sales in the course of the year, it was pointed out, reached \$28,350,000, while money order transactions entailed the changing hands of \$270,000,000. Postal note transactions totalled \$25,000,000, and there was on deposit in postoffice savings banks approximately \$25,000,000.

FORESEE BOLSHEVIKI AT VLADIVOSTOK

Japanese Forces Withdraw Following Concentration of Soviet Troops on Northern Frontier

VLADIVOSTOK, Oct. 2.—Communists here predict that Soviet forces will occupy the city by the middle of October.

This will be facilitated by the Japanese commander's reduction of the neutral zone to Ussolskaya Station after October 6.

Soviet troops are concentrating on the northern frontier ready to move when the Japanese evacuation is completed. The Whites and Reds have clashed in a few skirmishes. The strictest censorship prevails.

Vladivostok is full of refugees from districts evacuated by the Japanese. There is anxiety regarding a number of American mines on the Siberian mainland opposite Sakhalin Island. Gen. Dietrich, the White commander at Vladivostok, has declared a blockade against this mainland, from which the Japanese have just completed their withdrawal.

CEYLON LEGISLATORS PROTEST SALARY BOOST

LONDON, Oct. 2.—(Canadian Press Cable)—Bettina's column in respondent cables that a majority of the territorially-elected members of the Ceylon Legislative Council walked out of the chamber Saturday night when a two days' discussion of the Government forcing through its scheme for increased salaries for public servants by authorizing the official vote. The Government obtained a majority of one.

The territorially-elected members cabled to the Secretary of State for the Colonies a protest against the procedure.

NEW CANADIAN POSTAL ORDER NOW IN EFFECT

Packages to Value of \$100 May Be Sent Between Money Order Postoffices.

OTTAWA, Oct. 2.—Effective today, the new C. O. D. postal service begins work, as announced some time ago. Parcels and packages to a value of \$100 may be sent from any money order postoffice in the Dominion to any other money order postoffice, under regulations providing for their insurance where desired.

PEACE AMONG NATIONS LLOYD GEORGE'S AIM

LONDON, Oct. 2.—That Mrs. Lloyd George, the wife of the British Premier, does not share the views recently loudly expressed regarding her husband's desire for war, is apparent from the speech she made Saturday at the opening of a bazaar in Birmingham.

She deplored the anxiety of some persons to fight again, and expressed the fervent hope that the Government would be able to stop them. She said the Premier was doing his best to that end and had in fact decided to devote the rest of his life to securing peace among nations.

PROMINENT PREACHER AND WRITER CALLED

Rev. Byron Stauffer Was Scheduled to Preach Sunday on "Northcliffe and Will Power"

TORONTO, Oct. 2.—Rev. Byron Stauffer, prominent preacher and writer, and who was pastor of the City Temple, died at his home here this morning of heart disease. He was to have preached at the regular City Temple service in Massey Hall last night on "Northcliffe and Will Power," a sermon especially prepared for students, but at 5 o'clock yesterday afternoon he was taken suddenly ill. Arrangements were made for Prof. McMillan, of Winnipeg, to deliver the sermon. Death came to him with practically no pain. He was unconscious when the end came.

Death was due, according to the doctor's statement, to "coronary thrombosis," which really means that the blood supply was shut off from the heart.

Dr. Stauffer is survived by his widow, his daughter, Dr. Margaret Stauffer, his sisters, Mrs. James Paulin, of Calgary; Mrs. Mary Sullivan, of Alma, Mich.; Mrs. Lucinda Morse, of Buffalo, and his brother, Addison Stauffer, of Cincinnati.

It was a coincidence, or perhaps a premonition, that the heading turned in by Dr. Stauffer for his last newspaper feature article was "Ready, Aye, Ready."

Had Himself Committed

Rev. Byron H. Stauffer was born in Kitchener, Ont., in 1870, and was educated in that city. He was a school teacher for some years before going to St. Louis, Mo., and for four years was a reporter on The St. Louis Chronicle. As a reporter he had himself committed to a Missouri penitentiary in order that he might investigate at first hand the conditions in that institution. His exposure led to the conviction of several of the penitentiary guards for cruelty and crimes.

Then he joined the Methodist ministry and for twelve years was pastor of Grace Methodist Church, Buffalo, N.Y. He resigned in 1907 and came to Toronto to become pastor of Bond Street Congregational Church. He remained there for a number of years. About three years ago he went to the United States again, but returned to Toronto and started the City Temple, a non-sectarian downtown religious service. He also wrote books and newspaper features.

OKANAGAN SUFFERS FRUIT LOSS BY WIND

Hundreds of Boxes of Apples Blown From Trees—Several Trees Blown Across Telephone Wires

VERNON, Oct. 2.—A severe windstorm on Saturday night blew hundreds of boxes of apples off the trees in some Okanagan fruit districts. Just how extensive the damage is has not been estimated this morning. Telephone service was interrupted for a time as a number of trees fell across the lines, tearing down the wires. Government officials and fruit men are not inclined to think that the total loss will be very great and will certainly not amount to a serious financial blow to the area, despite the velocity of the wind.

DRAWN ATTENTION TO POSTOFFICE ECONOMY

Freight on One Mail Sack Used to Equal Fare of Two Passengers With Grips.

OTTAWA, Oct. 2.—Hon. Charles Murphy, postmaster-general, today opened the first conference of Dominion postal officials—the postal parliament—with a strong plea for co-operation. "Business methods for the business of the nation," should be the motto, declaring that he would allow "nobody to play politics against me or against the government of which I am a member."

It might be well to remember, Mr. Murphy warned, when emphasizing this point, while appointment pay with the civil service commission dismissal under the Postoffice Act lay with the postmaster-general.

Mr. Murphy gave two instances, each of business methods in the past. In the first place he cited the rates paid to railways for carrying mail. Investigation had shown that the postoffice paid the Canadian railway companies as much for carrying one box of mail as they were paid for carrying two passengers, with their bags in a parlor car. New rates had been put into effect with a saving of \$400,000 per annum.

HEAVY FINES TO STOP IMPORTATION OF LIQUOR TO U. S.

WASHINGTON, Oct. 2.—New customs regulations making effective the provisions of the tariff act, prohibiting the importation of intoxicating liquors without a permit, were promulgated today by the treasury.

The regulations provide for the seizure of liquors, the seizure of the vehicle in which importation is attempted and the imposition of a liability equal to the value of the liquors upon the person in charge of the vehicle seized.

Bull Kills Farmer

THEODORE, Sask., Oct. 2.—John Burns, 66, wealthy farmer living near here, was found yesterday trampled to death by his huge Guernsey bull.

FORCES ORGANIZE FOR LIQUOR BATTLE

Temperance Board Formed to Fight Moderationists in Manitoba—Farmers to Co-operate

WINNIPEG, Oct. 2.—With a view to defeating the Moderationists, the first step by prohibition forces to formulate a campaign for the forthcoming referendum in Manitoba will be taken here tomorrow, when organization of a temperance board for the Province will be effected between representatives of the Social Service Council, United Farmers of Manitoba and various church societies.

Government Control Bill

"The United Farmers have always been strongly in favor of prohibition, and they are determined to carry on a most strenuous campaign to defeat its overthrow," stated W. H. Wood, secretary of the United Farmers of Manitoba, today, in discussing the conference. The Manitoba Moderation League is also preparing plans for the referendum, and Thursday night Sir William Stavert, member of the Quebec Liquor Commission, will address one of the final general meetings of the league here. A bill and petition asking for government control and sale of liquor is now under preparation for presentation to the next session of the Provincial Legislature.

HEARST NOW CONTROLS SAN FRANCISCO CALL

SAN FRANCISCO, Cal., Oct. 2.—The San Francisco Call announced today that the majority of the stock of The Call Publishing Company had been sold to the Star Holding Corporation of New York, the stock of which is owned by William Randolph Hearst. John Francis Neylan will remain as publisher of the paper for five years, and Fremont Older will continue as editor, it was announced.

AIRPLANE SERVICE IS RAPIDLY INCREASING

Two Hundred More Machines, Mostly Operated by British Companies, on Cross-Channel Run

LONDON, Oct. 2.—The record of traffic on the continental airways for August shows 2,823 passengers carried across the Channel, against 1,591 in July and 2,021 in August, 1921.

The British companies carried 82 per cent of the passengers last month and the remainder was shared between French and Dutch companies. The British proportion in 1921 was 77 per cent of the total business.

Over 77 tons of goods were carried last month, including a daily average of a ton of newspapers from London to the continent. Altogether over 37 tons of newspapers were carried.

The number of machines engaged in the London-to-Paris, Brussels and Rotterdam service was 912, against 711 in July. Of the total 598 were operated by British companies.

There were no casualties or injuries suffered during the month. Over 95 per cent of the flights by British machines were completed within the scheduled time of four hours.

TWO DEATH SENTENCES RAND REVOLT OUTCOME

LONDON, Oct. 2.—(Canadian Press Cable)—Reuters' Johannesburg correspondent cables that the special criminal court dealing with cases arising out of the Rand revolt of last March has sentenced two men to death for murdering a policeman. The evidence showed that both men fired simultaneously.

LIGHTNING CAUSES NEARLY MILLION DOLLARS DAMAGE

SAN FRANCISCO, Oct. 2.—Lightning last night struck two 50-acre tanks at the Union Oil Company's tank farm at Oleum, fifteen miles from here, on San Pablo Bay, and set them afire. One contained crude oil and the other a refined product. The damage several hours later was estimated at \$750,000.

COMMONWEALTH BANK ACCUMULATES PROFIT

LONDON, Oct. 2.—A feature of the half-yearly report of the Commonwealth Bank of Australia, owned and guaranteed by the government, says a Reuters dispatch from Melbourne.

MILL WOOD \$2.50 per Half Cord Prompt Delivery PHONE 30180

bourne, in the substantial decline in the profits, as compared with the profits for the two previous half years. This is due partly to a reduction of the funds employed in financing the crops and a large increase in the amount of money at short call in London, where the rate is only 1 1/4 per cent.

The bank's position on the whole, however, is satisfactory. In ten years it has accumulated profits of more than four million sterling.

TENSION RELAXED

To France belongs the credit of acting the role of peacemaker in relieving the tension in the Near East. Her influence and representations are responsible for the conference between the Allied Powers and the Turks to be held at Mudania. In setting events in train for an armistice on the Asia Minor front she has paved the way for a temporary solution of the difficulties that have grown out of the defeat of the Greek army, but no one can pretend that a permanent solution of the problem of the Near East is in sight. The danger that exists there has ramifications that are world-wide. The freedom of the Dardanelles may be conceded, but that freedom will only be maintained by constant vigilance. In the meantime there is the question of the future of Thrace and the policy towards the Turks brought about by the political changes in Greece.

For the moment the chief cause for congratulation is that war between Britain and Turkey should have been averted. The co-operation of France in this particular will serve to strengthen the Franco-British Entente. It was obvious from the first that anything resembling peace in the Near East could only be secured by a policy of harmonious action by Britain and France. That this should have been maintained at a time when the French believed that the Turks, as a reward for their victory over the Greek army, should be given a return of some of the privileges which they previously enjoyed in Europe, is due to the statesmanship of Lord Curzon and his knowledge of Asiatic affairs. He grasped the realities of the situation. He saw from the first that there must be concordant action between Britain and France. He worked towards this end, and France met him more than half way. France was determined to avoid war, but she made it plain to the Kemalists that there were certain conditions which must be observed, or else she was prepared to throw her full weight on the side of the British in whatever course the wisdom of the Allied Powers saw fit to pursue.

The forthcoming armistice will pave the way for a meeting of the Powers interested in solving the problems of the Near East. There will be many difficulties to be encountered and chief among these is the position of Soviet Russia and her uncompromising attitude. The present Moscow regime has a habit of ignoring the experiences of history. Its doctrine is openly avowed as one designed to set the other Powers by the ears, because the clouds and whirlwinds of trouble and disintegration are the atmosphere in which Bolshevism thrives. It is a knowledge of this which will cause hesitation in permitting Russia to be represented at any conference dealing with the future of Turkey in Europe. Ultimately, of course, the future of Turkey depends in large measure on the Russian attitude, but no settlement that could now be reached, to which Russia, under its present authority, might be a party, would be more than a scrap of paper.

LAX ADMINISTRATION

Vancouver officialdom is being severely censured for methods which made it possible for \$75,000 of civic moneys to be secured by bandits. In an enlightened age the story of the daylight robbery in Vancouver is almost incredible. It reflects on both City Hall and police methods, and implies a condition of guileless trust that is almost ludicrous. It would not be in the least surprising to learn that similarly lax methods are in force in other cities in this Province. Primarily, the heads of civic administration in Vancouver are responsible for not providing safeguards for those who are entrusted with civic funds, but the police must also bear their share of criticism for a robbery of the kind in the heart of a city like Vancouver in broad daylight, for such an occurrence shows that there is laxity in vigilance.

It is pointed out that in Vancouver when the B. G. Electric Railway Company draws funds from the bank to pay its employees the police station is asked for an escort for its cashiers. Frequently a police car goes for the money that is required. The City Hall administration never seems to have seen fit to ask for police protection for its employees, who were entrusted in the streets with large sums of municipal money. Those carrying this money were allowed to go abroad unarmed. On top of all this lack of ordinary precautions it seems that the Vancouver police were slow in notifying the Provincial Police of the robbery. We venture to say that the assistance of the Royal Canadian Mounted Police has not yet been invoked. There are jealousies existing regarding the capture of criminals in this Province

which mean that the whole force of the law is not brought to bear on pursuit, with the result that criminals escape more often than not. It is a sad reflection on administrative methods. The people of Vancouver have paid heavily for experience and the City Hall officials and police of that city have had a lesson which they should not readily forget.

PENNY POSTAGE

There is no form of tax which reaches so many people as that imposed through the medium of postage. The Great War led to the necessity of raising money in a variety of ways, and among others that of increasing the cost of postage was one adopted. Some years ago there was a definite movement to increase communications between different parts of the Empire, and one method adopted was by reducing the postage on letters to two cents and bringing about what became known as an Imperial Penny Postage. During the war this rate was increased to three cents on letters from this Dominion to the British Isles, and since the war there has been another increase to four cents. In the meantime the people in this country can communicate by letter to any part of the United States for three cents. In other words there is a special rate given in favor of that country while the British Isles are discriminated against. This practice is not consonant with the viewpoint in this country. The time has come for a return to the privileges of penny postage, and, specifically, so far as the relations of Canada and the United Kingdom are concerned. The reform was departed from in a time of exigency, but it was a reform that was accomplishing most beneficial results and it should be reverted to again. Any Government which believes in the British preference will not discriminate against the British Isles in favor of a foreign country.

A BREACH OF FAITH

There can be no question that the City Council has broken faith with the contributors to the Shortt inquiry by not insuring that a copy of the report of Victoria's finances was received by every ratepayer. Who is responsible for this breach has not yet been made public, but there are hundreds of our ratepayers who have never secured a copy of the Shortt report. The City Council is adopting certain measures for rehabilitating municipal finances and these are based on recommendations made by Dr. Adam Shortt. The reason why these measures are being adopted should be known to the ratepayers, and since they are contained in Dr. Shortt's report that document should have found its way to every taxpayer. The failure of the City Council to observe the terms of its agreement with the contributors to the investigation conducted by Dr. Shortt illustrates haphazard methods. There is a demand from other municipalities for copies of the report, and an effort is being made to meet it. The primary duty is to supply our own citizens, for the document is of historic value and contains most sound reasoning and sensible advice that has emanated from our City Councils of the past decade.

UNWARY POLITICIANS PREY OF NEWS VENDOR

Masking in Pleasant Reflections, Premier and Delegates Are "Easy" for Youthful News Merchant

Maybe it was the happy feelings engendered by the, to them, satisfactory outcome of the Liberal convention at Nelson, whence they were returning on Sunday, that dulled the otherwise known attribute of Premier Oliver to get his full money's worth. Whatever the reason, Hon. Mr. Oliver, together with other prominent Liberals, fell a victim to an enterprising vendor of a Vancouver Sunday paper, and it took them some time before they suddenly realized they had been "stung."

It was at an interior point that a youth with both arms full of papers boarded the train bearing the Liberal delegation. After two days in convention and away from the daily news he was eager to get the latest on the war and other world happenings. The papers were bought up with a rapidity that spoke of the thirst for information on the latest happenings.

Armed with a copy of the paper the Premier proceeded into the diner, where he met Mr. H. A. MacDonald, re-elected head of the Provincial Liberal organization, just setting himself to read. Mr. MacDonald proceeded to read out an item concerning a big robbery, then he hesitated and rubbed his eyes.

"Have they got those robbers yet?" queried the Premier, having in mind the Vancouver crime by which \$75,000 of the city's money had disappeared.

"It appears to me I have seen this before," mused Mr. MacDonald, and he noted the dispatch bore a Winnipeg date line.

The Premier looked for the war news, and the headlines didn't just seem to be in line with the latest he had read while at Nelson.

Finally some one nearby threw his paper on the floor of the car and emphatically ejaculated "buncoed."

Christ Church Cathedral

Citizens of Victoria, and, indeed, residents of Vancouver Island, irrespective of creed or religious affiliation, will join in rejoicing with the parishioners of Christ Church Cathedral at the good news announced to them on Sunday by the Dean that a total sum of \$104,454 has been subscribed towards the new cathedral building project.

The old wooden church on the hill, and the poorer-looking building near by, which has served as a Sunday School for over thirty years, have sometimes been the targets of visitors' taunts. Those who know something of the history of the Anglican Church in this mother diocese of British Columbia know that it is partly because the congregation of Christ Church Cathedral has given generously year after year towards the maintenance of the church's ministrations among men, women and children in the mining districts, the agricultural regions and the smaller parishes and country settlements of the Island that the cathedral parish has continued to worship and work in wooden buildings that have shown long since the first signs of deterioration and decay.

In building for the future, others elsewhere in the diocese they denied themselves a stately church home, and the diocese has been content to let the centre of its organized life and work do as best it could for its own administrative services.

The old spirit of the cathedral died hard—if it ever died at all. According to the Dean's announcement, the first building to be erected is not the cathedral, with all that it will provide in inspiration and satisfaction to adult worshippers and curious visitors. The first unit contemplated in the new buildings project is a combined synod hall and parish building for religious education, work and other parochial activities.

The synod hall will be a diocesan hall, and will be a centre for diocesan gatherings, at the same time adding to the city a needed auditorium, with a seating capacity of five hundred persons. The separate rooms are to be equipped to provide for the religious instruction and training of children and young people on a larger and more thorough scale than has been attempted hitherto.

The recreation hall will contribute its facilities to what is planned to be a training centre for the production of Christian citizens, who will be a pride to their church, an asset to the community and pillars of true Canadian nationhood. It will add to our public educational system that which the latter by itself cannot at present give, namely, the religious element and motive in character building. There will be hope for the nation when what is called secular education joins forces with the religious, comes, religious education, so long as the ideal and methods of the latter are in harmony with the spirit and teaching of the Master of Man-kind.

This does not mean that the public schools must teach religion. It does mean that on the church and the churches rest the responsibility of promoting and providing for the religious instruction and training of the young on equally efficient standards as those demanded of the public schools, and in co-operation with them.

According to the Dean's announcement, when the building conceived to realize this first objective is completed, then the foundations of the new cathedral itself may be well and truly laid. Indeed, of the \$104,454 subscribed, \$47,775 is a sum that will be the first building. It is to be hoped that the balance required will be soon forthcoming.

Speech-making had more influence in the House than it has in years gone by, the British visitor opined, pointing out that speeches now were seldom over an hour in length, and were, generally speaking, of a higher standard than in the past, although some of the orations of great public men of past decades might not be equaled by the parliamentary utterances of today. Speaking was more general among the rank and file than in former times.

The interest of Chamberlain did not lie merely in the field of national politics, for, as a former Lord Mayor of Birmingham, England, municipal matters interested him also. During his present trip across Canada he has been interested in features of the various cities through which he passed, and he has been particularly interested in Winnipeg and of Victoria pleased him. Lack of foresight in this regard had been a costly matter for such English cities as Birmingham, he said.

Municipal Politics Clean
Municipal politics in the Old Country were gratifyingly clean, stated Mr. Chamberlain. While influence was brought to bear in the nature of votes—and that was democracy, he admitted—there was nothing of bribery, and no attempts on the part of municipal representatives to obtain contracts for their firms.

While men of a high standard filled municipal posts in England, pointed out the visiting parliamentarian, difficulty was now being experienced in getting men for such offices owing to the time required for the work. Birmingham, for example, now had a population of over 900,000 people, and even with its council of 120 members it could be understood that there was a great deal of time necessary for the management of its affairs. The members of the council were not paid, he said, and were usually men in active business who had reached the stage where they could devote time to municipal affairs.

As the result of his present trip through Canada, Mr. Chamberlain formed the opinion that prohibition is not a success. He favors a system of municipal control and sale of liquor, believing that nowhere is this more desirable than in Victoria. His father advocated a similar plan in his younger days.

Victoria is known in England as a beautiful place with a fine time. Mr. Chamberlain said. As he walked through the Empress Hotel gardens yesterday he remarked to Mrs. Chamberlain how like a bit of England the scene was.

WARD CONSERVATIVES PLAN ORGANIZATION

Wards Two and Five Elect Officers and Arrange Work—Wards Three and Four Thursday Night

Reorganization of the wards to bring them into line with the new plan adopted at the recent convention at Vancouver, at which the two old Conservative parties, Provincial and federal, were amalgamated under the name of the Liberal-Conservative party, was commenced last night by the supporters when Wards Two and Five met at the headquarters, Campbell Block, and elected officers and named representatives on the central executive committee as well as undertaking other reorganization work.

Wards Three and Four will meet next Thursday evening, and Ward One on Friday evening, for like purpose.

Last night's meetings were well attended, and the utmost enthusiasm prevailed among members. Ward Two officers were elected as follows: Chairman, Mr. Watson Clarke; secretary, Mr. A. Gibson; representatives on the Central Executive Committee, Messrs. George McKeth, T. Headlip, George Grimmon and Charles Northam; ward executive, Messrs. Laxton, Essler, Stephen, A. Gibson, the Messrs. F. Gibson and E. Newburn, and Messrs. H. Jackson, F. Gupill, R. C. Gibson, T. Warren, A. Cave. Seven others will be later selected for the ward executive committee.

Ward Five named the following officers and committee: Chairman, William Duck; secretary, Mr. F. G. Muller; representatives on the Central Executive Committee, Messrs. R. Sherman and L. Roberts, Dr. Shaw and A. I. Kirkpatrick; ward executive committee, Mrs. R. Sherman, Miss L. Roberts, Mrs. Roberts, Mrs. I. Mowat, Dr. Shaw and Messrs. W. J. Sherman, B. M. Brown, W. H. Smith, L. Alexander, F. H. Manson, W. H. Lettice, A. G. Sargison, F. C. Elliott, George Pennerbridge, R. G. Maxwell, C. W. Ireland, Dr. M. McLean, A. I. Kirkpatrick, A. F. Stephens, A. G. Brown, J. Meldrum. At both ward meetings Major Gus Lyons, president of the city association, was present and addressed the members, pointing out the necessity of organization and hard work in the interests of the party.

GOOD ROADS ARE AN INVESTMENT

(Continued from Page 1)

superintendents and foremen will have competent direction, the Minister of Public Works announced. The Cascade-Kowloon Road will be completed in a month, he said, making it possible to drive from Princeton or Kamloops to the Alberta boundary, the greatest road that he hoped to make a definite announcement in the Legislature this fall. Decision on the point would hinge on the disposition of the Pacific Great Eastern Railway, because it had been proposed to use as a highway the railway grade from Squamish to Clinton.

Limit Weight Trucks
Dr. Sutherland asked the issue to consider the limiting of the weight of truck loads on the highways to prevent undue wear and tear at certain portions of the year. He thought the heaviest load should be a fair way to raise revenue. He opposed the proposal to tax gasoline because it would hinder some essential trade.

Mr. Sutherland asked the issue to consider the limiting of the weight of truck loads on the highways to prevent undue wear and tear at certain portions of the year. He thought the heaviest load should be a fair way to raise revenue. He opposed the proposal to tax gasoline because it would hinder some essential trade.

It is not always that a demand creates a supply. An instance of this is to be found in the textile industry, which for some years has been doing its best to keep ahead of the call for home-spuns. So it is particularly worthy of comment that Victoria at last seems likely to enter the field as a successful contributor to the world's output of these materials, as the very attractive display of home-spuns now showing in Fyvie Brothers' window on Government Street might indicate.

These home-spuns are locally made, being the handwork of Mr. Cochran, Constance Avenue. They have already been much admired, particularly by tourists and other visitors, both men and women, and a number of orders have been placed for stated quantities of the material. These "handy dimmots" (tweeds are not only made on local looms, but the yarn from which they are woven was handspun here from wool grown on Vancouver Island sheep. However, this is probably one of the minor points of the story. The greater and more profitable part of the industry is the weaving, and those who are familiar with the handling of such textiles and know the demand there is for them, seem to stress particularly the advantage of pushing the weaving business here for all it is worth.

A wonderful industry could be worked up in this," says Mr. Fyvie, who has had abundant opportunity of measuring the market. His statement is endorsed by other merchants of the city who have the testimony of handsome sales in sports clothes to American tourists. With the exception of suitable occupations for partially disabled returned soldiers before them, the Government or the Red Cross might encourage the work, establish classes in weaving, and with a few skilled men once ready to direct workers there might be established a very successful industry.

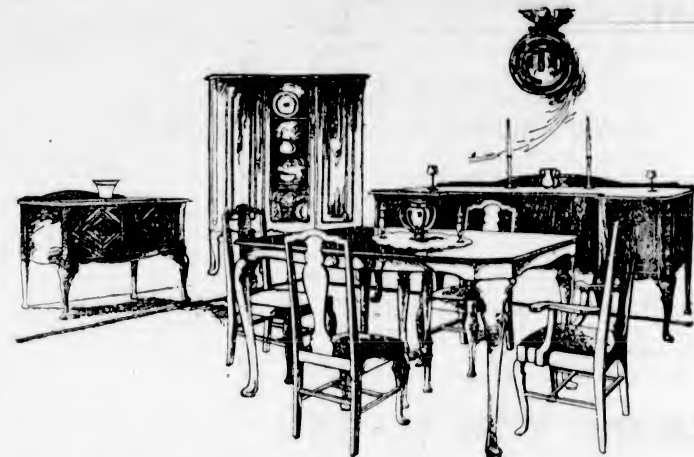

"Handy Dimmots" Tweeds
Mr. Doehane's patterns are very attractive. With the exception of one rather primitive design, which is more suitable for the elaborate style of woman's dress (and which, incidentally, has been very greatly admired and coveted by several ladies), the "handy dimmots" (tweeds are of the richly sombre style which the well-dressed man affects in his sports clothes. There are several in the herringbone pattern, a style which is soundly good, conservative, yet lending itself in various colorings and variations to very catholic tastes. The old shepherd's check is also

ITALY PARTICIPATES IN AUSTRIAN LOAN

ROME, Oct. 2.—The Cabinet has authorized the Italian delegation to the Geneva conference to accept the proposal before the League of Nations regarding a loan to Austria, thus signifying Italy's participation in the loan.

FIFTY YEARS AGO TODAY

(From The Daily British Colonist of October 3, 1922)

The Apaches Were Out In Arizona—Washington, Sept. 28.—Gen. Sherman had a long conference today. An extraordinary many points of his European tour he entered upon a full description of the Indian situation. The President said that the Indian war was a mistake, and that the Indian people were not to be warred against, especially in Arizona and Texas. They had their little associations. About Fifty Years Ago—We have pleasure in reporting that the Rock Bay bridge will be opened this morning at 11 o'clock if the weather conditions are favorable.

TRAFFIC PASSES OVER BRIDGE

Big Structure Performs Well When First Passenger Train Traverses Span—Council Members There

The Johnson Street Bridge southern span was formally opened to train traffic last evening at 5:30 o'clock, when Mayor William Marchant, accompanied by a large number of council members, and a crowd of about 200 persons that had gathered to witness the opening, walked across to the western approach, where the ceremony was augmented by speeches by Mayor Marchant, Aldermen E. R. Woodward, R. W. Perry, Reginald Hayward and ex-Ald. George Sangster, who, as former chairman of the Equilibrium & Nanaimo Railway, was in charge of the bridge negotiations and directed the Council's policy during the early stages of construction.

It was a big event for Victoria, but particularly for City Engineer F. M. Preston, who supervised the drafting of the plans and the building of the viaduct from the commencement. The crowd gave him three cheers, and Mayor Marchant called on him for a speech, but he preferred to let the bridge itself speak for him.

When the Nanaimo train traversed the bridge pedestrians standing on the span hardly noticed the vibration. Standing on the cowcatchers the locomotive went across as the City Council party and Mr. H. E. Beasley, general superintendent of the railway company. Thirty-five years ago the first train crossed the old E. & N. bridge, which will parallel the new structure for a few months until finally dismantled. Ald. Hayward remembers attending that ceremony, in March, 1887. A half-holiday was declared for the bridge opening, and the alderman, then a very young lad, went to see the event with his classmates.

Complete Next Spring
 Mayor Marchant said that the opening of the railway section of the bridge next spring, which would mark the completion of the whole project, would be the occasion of a much bigger and more formal ceremony. In his speech he complimented Mr. Preston and his assistants on their success.

The fact that the bridge had been built by union labor was emphasized by Ald. Woodward.

Ald. Perry predicted that the opening of the bridge would mean big developments in Victoria West and Esquimalt by bringing those districts closer to the city, and Ald. Hayward said the opening of the bridge was an event of great moment in the civic progress of Victoria.

"I am confident that this bridge will some day pay for itself," said ex-Ald. Sangster. "The day will come when every citizen of Victoria will be thankful that the Johnson Street Bridge was built."

The structure is now open for regular train traffic. Pedestrians, however, will continue to use the foot-path of the old span until the railway section of the bridge is ready. Vehicular traffic will then be diverted to the span now in use, and the tracks will be transferred to that part of the bridge being built especially for that purpose.

Engineer C. Wensley was at the throttle of the first engine to pass over the bridge. R. Lambert fired, while W. R. Fletcher and F. Smith were conductor and brakeman, respectively.

VOTE CAMPAIGN TO BE INTERNATIONAL

Heads of International Gyro Asking All Gyro Clubs to Hold Campaigns for Use of Franchise

Following the announcement of the inauguration of the Victoria-Calgary Civic Interest Contest, comes the news that the Executive Council of the International Association of Gyro Clubs has decided to ask all gyro clubs on the continent to hold campaigns for the purpose of increasing the use of the franchise at municipal elections.

President Harold Butters, head of the local Gyro Club, has received a telegram from International Secretary Joseph Hangan, of Toronto, stating that in view of the success of the local organization with its Get-A-Vote and Use-Your-Vote campaigns last year, it has been decided to make this movement international in scope. The Victoria Gyros are repeating their campaign this year.

Registration of civic voters will be carried on throughout October, commencing tomorrow.

MACDONALD LAND REVERTS TO CITY

Ownership of James Bay Estate Passes to Corporation Ownership—Sale On Today.

The whole of the Macdonald estate, comprising 180 lots in the James Bay district, near Ogden Point, reverted to the city at the tax sale yesterday. There were no bidders for the property.

Two or three small parcels of other James Bay property were sold to private buyers. The sale will be continued this morning, and a larger volume of trading is expected.

The upset price of the Macdonald land was about \$25,000. City Treasurer Edwin C. Smith said.

WOMEN FOR PEACE

Toronto Branch of International League Urges Government to Keep Out of Trouble

TORONTO, Oct. 2.—The Canadian League for Peace and Freedom, Toronto branch, urged the government to keep out of any war in the Near East, in a resolution adopted by the local branch of the Women's International League for Peace and Freedom.

WANT DUTY OFF LUMBER IMPORTS

British Columbia Operators Fear Retaliation in U.S. Tariff Measure—Want Sales Tax Eliminated

Reciprocity with the United States in certain lumber products is sought on a resolution adopted by the Victoria Chamber of Commerce directors yesterday.

The resolution takes into consideration the passage of the new United States tariff, which empowers President Harding to impose a duty on Canadian lumber imports into the United States similar to the present Canadian duty on American lumber.

Mr. J. O. Cameron, one of British Columbia's leading lumber operators, and the sponsor of the resolution, said that the United States constituted the most dependable market for Canadian lumber had today, and that a tariff on Canadian exports to that country would impose a severe handicap on the industry.

The B. C. Lumber and Shingle Manufacturers' Association and the Associated Board of Trade will be asked to take similar action, and the matter will be brought to the attention of Premier Mackenzie King and the Minister of Trade and Commerce, Customs, Finance and Public Works.

The resolution asks not only that the duty on imported lumber when placed on more than one side be removed, but that the extra sales tax now imposed on lumber imports be eliminated as well.

The text of the resolution follows: "Whereas the United States has recently enacted a new tariff law, by the general terms of which all lumber, whether rough or dressed, is admitted free, and

"Whereas there is a clause in the said tariff law which provides that the President shall ask countries which impose tariff duties on lumber being imported thereinto, to admit shipments from the United States free, and on the failure of any such country to comply with such request, the power is given to the President to at once impose a duty on shipments of lumber from such country, identical with those imposed by that country on like specifications, and

"Whereas, by the laws of Canada, a tariff duty of 25 per cent ad valorem is imposed on all lumber imported, if further manufactured than planned on one side, and

"Whereas, manufacturers of lumber in British Columbia have for several years past, and are now, making large shipments of lumber to United States buyers, and the market so established for British Columbia lumber are more extensive than to any other country, and if the 25 per cent retaliatory duty were imposed on Canadian lumber, it would result in great injury to the lumber business of this Province, and

"Whereas, no substantial benefit accrues to anyone, whatsoever, by maintaining the duty of 25 per cent ad valorem on lumber when planned more than one side, and also an extra sales tax, and the same should be removed at once to prevent the possibility of the United States imposing a similar duty on lumber being shipped from Canada to the United States, provided this removal of the duty should be limited to lumber which is planned on four sides or tongued and grooved, to conform with the United States act.

"Therefore, be it resolved, that this Chamber of Commerce do hereby declare that it would be to the best interests of the Province of British Columbia to have the duty and the extra sales tax now imposed on lumber imports into the country, when planned on more than one side, removed, and

"Be it further resolved, that this resolution be forwarded to the Minister of Finance, Minister of Trade and Commerce, Minister of Customs, Minister of Public Works, and the Prime Minister at Ottawa."

OBITUARY

YUENG—The funeral of the late Choy So Yueng, whose death occurred on Thursday, took place Sunday afternoon, the cortege leaving the Thomson Funeral Home, 1425 Quadra Street, at 2:30 o'clock, proceeding to the Chinese Cemetery, where the usual service was held.

BROWN—The funeral of the late Mr. Richard Brown took place yesterday afternoon from the B. C. Funeral Chapel, proceeding to St. Mark's Church, where service was conducted by the Rev. H. V. Hitchcock. There were many friends present, and the casket was covered with many floral offerings. The hymn sung was "A Few More Years Shall Roll." The following acted as pallbearers: Messrs. C. A. Goodwin, C. E. Printer, C. Pointer and J. J. Wilson. Interment was made at Ross Bay Cemetery.

KING—Services for the late Miss Grace King were held yesterday afternoon at the B. C. Funeral Chapel, the Rev. A. de B. Owen officiating. There were many friends present, including Mr. George McGregor, president, Mr. B. J. Drake, chairman of the Training school committee, Mr. James Parfitt, chairman of the house committee, Mrs. Rhodes, president of the Women's Auxiliary. The nursing staff of the Jubilee Hospital attended in a body in charge of Miss MacKenzie. The casket and hearse were completely covered with beautiful floral tributes sent by sympathizing friends. Two hymns were sung, "Safe in the Arms of Jesus" and "Peace, Perfect Peace." The following, all members of the nursing staff of the Jubilee Hospital, acted as pallbearers: Nurses M. Purdy, M. Head, H. Murray, D. Hylthe, M. Corrance and A. Wright. The remains were laid to rest in Ross Bay Cemetery.

LONGSHOREMAN KILLED

Prince Rupert Worker Buried Under Tons of Coal When Part of Wharf Collapses

PRINCE RUPERT, Oct. 2.—Isaac E. Hamilton, a member of the longshoreman's union, while handling coal on the dock here today lost his life. Part of the wharf under the coal heap collapsed, carrying Hamilton into the harbor with tons of coal.

NEW ART GALLERY

Commencing the third month of its inception twenty-four new pictures were hung yesterday at the New Gallery of Fine Arts. Many of the works are of famous, well-known artists, and includes one painter new to Victoria in the person of Miss C. M. Lagg. This lady was a bronze and silver medalist of the 1912 Royal Academy, and the works that won her that distinction are now hung in the gallery.

Other choice paintings newly hung are examples of D. Cox, Jr.; Birker Foster, a beautiful and striking example of this famous artist; Wm. Reed, E. S. Clark and Grace Rosher, well known here.

The Art Union now numbers over eighty subscribers who are all enthusiasts and believers in the art future of Victoria.

The first of the signers of the Declaration of Independence to die was Rufus W. Winnett, of Georgia.

City & District

Friendly Help—The monthly meeting of the Friendly Help Association will be held this morning at 10:30 in the rooms (upstairs) in the Market Building.

I. O. D. E. Meeting—An important meeting of members of Primary Chapters and Municipal Chapter, I. O. D. E., has been called for tomorrow afternoon at 3 o'clock at headquarters, Jones Building, to consider matters dealing with the proposed Autumn carnival.

Leave for Kamloops—Mayor William Marchant, Aldermen R. W. Ferry, R. A. C. Dewar, City Solicitor H. S. Frimling and City Comptroller James L. Raymur left last night for Kamloops, where they will attend the annual convention of the Union of British Columbia Municipalities.

Gardeners' Association—The regular monthly meeting of the Victoria and District Gardeners' Association will be held in the City Hall tonight, at 8 o'clock. As this is the first meeting since the exhibition it is hoped that every member will make a special effort to attend.

French Town for Adoption—Support of the City Council to a plan for adoption of and assistance to French towns in the devastated area is being sought by the France-Great Britain Society. The matter will be referred to local French organizations.

Gas Station Project—An application to cut down some of the trees bordering The Poplars, at the southeast corner of Government and Belleville Streets, and establish a gasoline service station there, was before the City Council last night and was referred for report to the City Engineer and Chief of Police.

Emmanuel Church Women—Under the auspices of the Emmanuel Baptist Women's Missionary Society, a silver tea will be held at the home of Mrs. H. P. Thorpe, 404 Oswego Street, on Wednesday, October 4, from 2 to 6 p.m. A musical programme has been arranged and a large attendance is anticipated.

Reorganize Accounting—The firm of Messrs. Lamay, Bolton & Company was instructed by the City of Victoria last night to proceed with the reorganization of the financial departments of the civic service and install an up-to-date system of accounting at a cost not exceeding \$2,500.

Case Remanded—The charge against Philip Handley, who is accused of having in his possession a quantity of liquor, was remanded and remanded for another week for hearing.

Dispatched Algonquin—To stand by the liner Empress of Australia, heading back to port with engine trouble, the Pacific Salvage Company dispatched the salvage steamer Algonquin, Capt. J. M. Hewison, to sea last night. The liner was not in difficulty, Mr. A. C. Burdick, manager of the salvage company, said last night, but was coming in under her own steam, as she had been doing since Sunday.

Civic Registration—The municipal voters list was open for registration yesterday, and the first to sign was Mr. John A. Harrison, of the city treasury department. Although all records for registration were broken last year, with the Gyro Club again directing a campaign, this time in competition with other cities, an equally good showing is anticipated.

Plaintiff Wins—Mr. Justice D. A. McDonald, in a written judgment, yesterday awarded damages to the plaintiff in the case of Lee Stong Koh and J. D. Chetham versus the Registrar-General, which was heard several weeks ago in the Supreme Court. The Victoria Times-Herald reported the plaintiff damages to the value of the land in question as fixed in 1916, and to interest at 5 per cent subsequently to date.

Jubilee W.A.—Owing to the fact that the Women's Canadian Club is holding its annual meeting on Wednesday next, the Women's Auxiliary of the Provincial Royal Jubilee Hospital has postponed its first meeting of the year until Wednesday, October 11. Owing to an unfortunate oversight the names of Mrs. Ilona Beaven and Mrs. Seabrook Young were omitted from the W. A. list of subscribers.

Hardest Home Concert—St. Jude's Obed Avenue, will hold their harvest home concert this evening, commencing at 8 o'clock. The following artists will provide an excellent programme: Mrs. Walker, Mrs. Hale, Misses Bird, Higgins, Anderson, Sherrill and Messrs. Frank Mackenzie, Ingledew and Meehan. Included in the programme will be a comedy sketch entitled "Bringing Up Father." During the evening there will be a sale of fruits, vegetables, etc.

Naval Cadets—Hon. George P. Graham, Minister of the Naval Service, wrote to the Minister of Commerce yesterday, stating that his department would do its best to take care of boys who have been undergoing training at the disbanded naval college at Esquimalt, and that an effort would be made to give them preference on the ships of Canada's merchant marine.

New Buildings Plans—A meeting open to men and women of Christ Church Cathedral parish will be held in the schoolroom, Quadra Street, tonight at 8 o'clock, when the proposed plans for the new synod hall and parish building will be presented for consideration, and discussion arrangements for the mission to be conducted by the Rev. Cyril Rickersteth from December 9 to 19, will be considered.

Will Address Prospectors—Dr. Victor Delmege, of the Geological Survey of Canada, who is in Victoria for a few days, has kindly consented to give an address to the Vancouver Island Prospectors' Association on Wednesday next, at 8 p.m., in the Islands Arts and Crafts Club room at 262-2 Union Bank Building. His

address will deal with the West Coast of Vancouver Island and should be of great interest to all mining men and prospectors.

Tubercular Veterans—The Tubercular Veterans' Association held its regular meeting last night in the G.W.V.A. rooms on Bastion Street. Mr. E. N. Coles, the president in the chair. The minutes of the convention of the Dominion Tubercular Veterans' Association, which took place recently at Hamilton, Ontario, were read and considered. Several new members were received. The next meeting of the organization will be held on October 16.

Rockland Park W. C. T. U.—The monthly meeting yesterday afternoon at the home of Mrs. Eilers, with the president, Mrs. Hall, in the chair. Mrs. A. Slow, the secretary, read a very interesting report of the Provincial W. C. T. U. convention, held in Chilliwack, showing that temperance workers are still very earnest and active in their fight against liquor. Mrs. Mitchell gave an interesting talk on temperance. Refreshments were served by the hostess.

Game Act Offence—Lee, a Chinaman, was yesterday fined the sum of \$15 in the Provincial police court by Magistrate Jay for trapping game birds, contrary to the provisions of the Game Act. The circumstances of the offence were related to the court by Game Warden R. Gidley, who said that he had watched the trap, a large chicken coop affair, which was set on property at Gordon Head, and was believed to have been used by several Chinese who pooled the birds.

Gyro Registering—The Gyro Club yesterday at its weekly luncheon took steps to get its members registered as voters. Gyro Jack Clay, a notary public, was on hand to take declarations, while other members of a committee canvassed the members to ascertain their status in regard to voting qualifications. The list of members is being carefully checked over and the club hopes shortly to be able to state that every available Gyro who can qualify has his name on the voters' list.

Girls' Corner Club—The club will reopen after the Summer vacation on Thursday next. It is hoped all members will be present and any girls who have not yet visited the club will find a warm welcome. A hot supper will be served at 6:15 in the clubrooms, Liberal Hall, Government Street. Miss Paulson has promised to present and will address the girls, after which there will be singing and a social time to renew old acquaintances and talk over plans for the winter's work.

Commemorative Sailing of C.E.F.—In commemoration of the sailing of the First Canadian contingent from Canada, members of the Lady Alderson Chapter, I.O.D.E., will today sell "overhauls," and at 5 o'clock this afternoon will assemble at Spencer's tea room, where they hope they will be joined by many of their friends, and all who are interested in the results of this admirable undertaking. The proceeds from the day will be devoted to most laudable efforts under the auspices of the Order.

Pleads Guilty—George Palma pleaded guilty yesterday morning in the city police court to a charge of being in possession of a quantity of liquor that was not sealed and was fined by Magistrate Jay the sum of \$200, with the option of two months' imprisonment in default of payment. The liquor was found in a broken bottle of Royal Scotch whisky unsealed on the premises of the accused. Palma was convicted on a similar charge on June 19 last. The liquor seized by the policeman was ordered confiscated.

Will Be Represented—The Victoria School Board last night decided to be represented at the annual convention of the British Columbia School Trustees' Association, which will be held on October 10 at Penitence. Trustee Mrs. Bertha Andrews asked what the expense of sending a delegate to the conference would be, and was informed that it would cost between \$50 and \$75. She wished her vote recorded in the negative, stating that she did not see what benefit the student of Victoria would obtain from the convention. Trustee George Jay, the chairman, was given power to name a delegate to attend the convention at Penitence.

1. A. to Canadian Legion—A vote of thanks was passed to the host and hostesses of the evening, the former furnishing every convenience in the way of dark-room, diffusion screen, lights, etc., necessary to the carrying out of the demonstration.

Ministerial Association—The Victoria Ministerial Association met for its first monthly meeting of the Winter season yesterday in Spencer's tea rooms. About twenty members sat down to luncheon. Afterwards the regular business of the meeting was transacted. A resolution was passed congratulating Rev. J. McCoy upon the honor conferred upon him by the senate of Westminster Hall, in giving him the honorary degree of Doctor of Divinity. Among the new members received were Rev. J. B. Patterson, Presbyterian; Rev. Dr. Maunby and Rev. W. Elliott, Methodist. The next meeting will be on November 4th and will be a luncheon in honor of Rev. J. H. Baker, who has completed his jubilee in the work of the ministry.

Equimait W. I.—The class in dressmaking arranged under the auspices of the Equimait Women's Institute is now complete and the first meeting will be held on Friday evening next at the Equimait High School. There are still a few vacancies in the millinery class and ladies wishing to join should send in their names at once. The general monthly meeting of the institute will take place this evening at 7:15 at the parish room, St. Paul's Anglican Church, instead of meeting, as is usual, on the second Tuesday of the month, in order that matters in connection with the coming conference of V. I. D. W. I. may be discussed and the additional delegates chosen. The social hour will be convened by Mrs. H. Clark.

Entertained Old Men—A very enjoyable concert was given at the Old Men's Home last week. Rowles' Boys' Orchestra being responsible for the

Auxiliary to commence the whist drive at 8:15 o'clock every Friday night and to carry on with dancing later in the evening. With Mrs. Ridgard providing the dance music. The organization is also making arrangements to hold a dance on Halloween, Tuesday, October 31, a special committee having been struck for this purpose.

Goat Breeders Meet—At a well attended meeting of the British Columbia Goat Breeders' Association at the Y. M. C. A. last evening, a hearty vote of thanks to Mr. George Sangster, secretary of the British Columbia Agricultural Association, for his assistance in making the goat show at the Fall fair a success, was passed. A discussion of plans for improvements in next year's show took place. It was decided that a better classification, increased prize money, similar to Vancouver and New Westminster, a class for novices, and milking competitions both for children and adults, were desirable.

Agnes Deans Cameron Chapter—It was decided at the meeting of the Agnes Deans Chapter, I.O.D.E., held last night, that the picture of Jack Cornwall be presented to the South Park School, probably on Armistice Day. The Regent, Mrs. L. H. Hardie, and Mrs. Russell attended the opening exercises of the school for this term, and the former presented the pupils with their diplomas. The Chapter will take part in the forthcoming Autumn carnival and several donations have been promised for the "showers" for the needy case which was dealt with at the last meeting of Municipal Chapter.

Army and Navy Veterans—The Victoria Unit of the Army and Navy Veterans in Canada will assemble on Thursday evening, at 8 o'clock, for the purpose of receiving the report of the delegates to the Provincial convention held at Vancouver on the afternoon of September 30. At the same meeting several important matters will be under discussion with regard to the Dominion convention which is being held at Montreal on the 17th inst. Elections will also take place to fill vacancies of first and second vice-president, and a naval representative will be elected on the executive council.

Authors' Association—In the absence of Mrs. the president, Sheldon Williams, the chair was taken by Captain Gordon Smith at the meeting last evening of the Authors' Association. It was decided that future meetings of the society would be held at the Victoria Club, Campbell Building, and a committee has been appointed to arrange programmes, which will include, each month, a half-hour discussion of some well-known novel. The social character of the meetings is also to have special consideration, with the idea of stimulating general discussion and bringing the members more closely together.

Dates of Trials—His Honor Judge Lampman yesterday morning set dates for the trials which will be held in the County Court during October at the County House. The case of Rex versus Thomas Mercer, in which a local chiropractor is appealing against a police court decision, was set for Monday, October 16. Hearing of the case of Rex versus Major George W. Nicholson, M.C., in which the Crown seeks to have the police magistrate's judgment reversed, will be on Tuesday, October 17, while the Liquor Board's appeal in the Rex versus Jack Kershaw is set to be heard on Friday, October 20.

G.A.U.V. Meeting—A well-attended meeting of the local branch of the Grand Army of United Veterans was held last night in the organization's premises, Langley Street. President P. Crouch occupied the chair. The resolution of the Canadian Legion, which asks that the Royal Commission that is dealing with pension and other matters affecting returned men hold sessions in Victoria was endorsed by the meeting. Comrades P. Crouch, R. McVie, M. Burns and J. H. Eva were chosen delegates to the Provincial G.A.U.V. convention, which will take place in New Westminster on October 9.

Demonstrate Portraiture—At the meeting of the Photographic Society held last evening at the home of Mr. A. F. Huxtable, a practical demonstration of portraiture by artificial light was held. Mr. Huxtable himself took the chair, and there were short talks by Mrs. Weller and Mr. Porter on the different lighting effects, members of the audience being used as models to illustrate the statements made. Photographing followed the talk, and the remainder of the evening was passed in developing and printing. Mr. Huxtable afterwards entertaining the fifteen members with delicious refreshments. A vote of thanks was passed to the host and hostesses of the evening, the former furnishing every convenience in the way of dark-room, diffusion screen, lights, etc., necessary to the carrying out of the demonstration.

Ministerial Association—The Victoria Ministerial Association met for its first monthly meeting of the Winter season yesterday in Spencer's tea rooms. About twenty members sat down to luncheon. Afterwards the regular business of the meeting was transacted. A resolution was passed congratulating Rev. J. McCoy upon the honor conferred upon him by the senate of Westminster Hall, in giving him the honorary degree of Doctor of Divinity. Among the new members received were Rev. J. B. Patterson, Presbyterian; Rev. Dr. Maunby and Rev. W. Elliott, Methodist. The next meeting will be on November 4th and will be a luncheon in honor of Rev. J. H. Baker, who has completed his jubilee in the work of the ministry.

entertainment. In addition to the main features by the orchestra the individual members of the organization furnished a number of solos and duets which were very popular with the audience, the following being the "extras": Vocal G. Balsler; violin solo J. Cockram; piano solo, T. Larman; piano and violin, Arthur and Victor Johnson; piano, Geo. Mallet; and duets, S. Stonier and T. Bickley. These boys were all members of the orchestra, others who composed the organization being: R. Ward, G. Wakeman, O. McComb and J. Moosap. Charles Rowles gave an exhibition of ring dancing which was much applauded, and the carriage of the band instruments to and from the Home was kindly accomplished by Mr. Ivan McComb.

THE WEATHER

Meteorological Office, Victoria, B.C., at 8 p.m., October 3, 1922.

Beautiful Evening Gowns and Furs

Imported Evening Gowns for the Rotary Ball

For milady's approval we have a wonderful array of the newest creations in imported evening gowns. The most delightful models to gladden the heart of any woman. Lovely chiffon velvets so cunningly draped to give the most graceful lines. Dainty crepe chiffons and georgette, some embroidered in the loveliest designs with pearls, crystal or iridescent beads; others in delicate shades as dainty as the petals of a flower. Sequins are as popular as ever this season and some exquisite designs are shown in both black and colors combined with velvet, satin and tulle.

We Mention a Few of These Charming Garments

One is an imported one-piece model gown of black chiffon velvet, a very graceful garment; sleeveless in the new high neck with train from shoulder, prettily shirred on hip line.

Another exquisite gown in silver cloth with kingfisher blue shot effect; long tight fitting bodice; full flare skirt and cut out hem, twisted girdle of kingfisher blue crepe georgette ending in flowing sash caught at waist with tinsel grapes.

Still another charming gown of orchid crepe chiffon handsomely embroidered with silver and crystal beads, long waist line finished with wide sash and bouquet of French flowers.

A dainty misses' dance frock in peach bloom crepe georgette, panel skirt caught together with silver bows; two square panels form the bodice held at the shoulder with tiny bows; smart low hip girdle with French bouquet at waist.

All the above garments are moderately priced.

Lenine Returns

MOSCOW, Oct. 2.—Premier Lenine is to resume his duties today, according to an announcement by Acting Premier Kamenev and Mme. Lenine. Tomorrow he will preside over a meeting of the council of commissars, when the international situation will be discussed.

DECLARES FEDERAL GOVERNMENT REMISS

Hon. H. M. Stevens, M.P., Deplores Failure to Make Response to Appeal for Support

KAMLOOPS, Oct. 2.—The Federal Government in Canada has been remiss in its proper duty to the Empire in its attitude on the Near Eastern question, declared Hon. H. M. Stevens, M.P., in the course of a speech here tonight under the auspices of the Liberal-Conservative Association.

The former Minister of Trade and Commerce deplored what he described as the failure of the Mackenzie King Government to respond wholeheartedly to the appeal for support sent out by the British Government in its Balkan policy.

Mr. Stevens also condemned the Federal Government for not invoking the anti-dumping clause in favor of the fruit industry in Canada.

Reviews Government Record

W. J. Howser, K. C., Opposition leader in the Legislature, reviewed the record of the Oliver Government, which he described as a "catalogue of expenditure."

Mr. Howser ascribed the railway situation to Premier Oliver's decision to release Foley, Welch & Stewart from their personal covenants, given against the original bond guarantee of \$20,000,000.

Mr. Stevens declared that the Premier had voluntarily released the Grand Trunk Pacific from its agreement to take 51 per cent of the stock and operate the line, and declared that Mr. Oliver had spent \$20,000,000 doing what Foley, Welch & Stewart had agreed to do for \$6,000,000 under the heaviest possible penalties for failure.

Mr. Stevens also stated that the terms of the Premier's letter appointing J. G. Sullivan to investigate the railway had been a straight invitation to recommend abandonment of the line.

S. L. Howe said the Oliver Government had broken its pledge to build the university and that the \$100,000 spent on the eve of election in clearing the site was practically wasted, as the whole tract was being given over again.

Road Construction

In discussing Liberal-Conservative policies for the future, Mr. Howser urged greater attention to road construction and promised restoration of the policy of making cheap loans to farmers. He also stated that agriculture was carrying too heavy a burden of taxation and that a reduction. He pledged himself to government ownership of the water supply in irrigation districts so that storage schemes could be carried out.

Referring to the liquor trade, he said that selling good liquor at reasonable prices would wipe out the bootlegger without expensive prosecutions. Political friends of the Government were being ordered-in-council after their conviction, he charged.

NEW CATHEDRAL NO MORE A VAIN HOPE

DEAN ANNOUNCES THAT \$104,454 ALREADY SUBSCRIBED

Annual Thanksgiving Services on Sunday Assured Particularly Joyous Note

Large congregations attending the Harvest Thanksgiving services at Christ Church Cathedral on Sunday heard with great interest the Dean's announcement that the sum of \$104,454 has already been subscribed towards the new Cathedral buildings' project, lifting the scheme from the realm of hope to practical certainty.

Of this amount the Dean stated that \$43,775 was for the first building to be erected, with \$60,679 towards the new Cathedral. Voluntary donations from individual givers and contributions from parish organizations and other interested groups had built up these sums. A syndicate would be the first building to go up, the estimated cost being about \$75,000.

Met Yesterday

Following the Dean's announcement on Sunday meetings were held into the matter further. Meetings were the first two of a series of three conferences bearing on the matter, the Dean presiding at each. The first was attended by a large gathering of ladies, representing the Women's Auxiliary and Parish Guild organizations. The Dean outlined the purposes for which the first building was required, and spoke of the eagerness with which he looked forward to the visit of the Rev. Cyril Bickersteth, who is announced to conduct a ten days' mission in the Cathedral from December 9 to 19. The plans of the new building were explained by Mr. A. R. Merris, and many useful suggestions were made in the course of the discussion, which followed. The third conference for consideration of these matters, and to which both men and women are invited, takes place tonight at 8 o'clock in the schoolroom.

CARS CRASH

Only One Passenger Slightly Injured in Auto Accident at Nanaimo Saturday

NANAIMO, Oct. 2.—A severe auto crash took place on Saturday night on the highway one mile south of the city limits, when two Overland cars owned by Harry Mainwaring and W. Haslam came together while traveling in opposite directions. Both cars were badly damaged, but none of the passengers were seriously hurt, excepting one in Haslam's car, who received a rather badly cut hand.

Social & Personal

F. B. Gibbs, general manager the Brackman-Ker Milling Co., Ltd., left last night for Toronto to attend the annual meeting of The Western Canada Flour Mills Co., Ltd., with which company the B. & K. company is associated. He will visit all the large Eastern cities before returning.

The office of the Land Settlement Board was the scene of a pleasant little ceremony last Wednesday when Miss Edith Whitwell was the recipient of a handsome case of Rogers' plate from the chairman and staff of the board, on the occasion of her approaching marriage to Mr. Sam Kuebler, of Seattle.

On Saturday afternoon Spencer's tea rooms was the scene of a merry gathering when Master Archie McAllister, of 39 Cambridge Street, entertained a number of young friends at a jolly birthday party. The table was artistically arranged with pink and white decorations. A handsome birthday cake, with ten lighted candles, occupied the centre of the table. Those present were Mrs. McAllister, the Misses Jane and Sheila McAllister, Ruben Duckworth, Norman Duckworth, Benny Duckworth, Jack Slater, Willie Slater, Leonard Arnall and Miss Rogers.

WEDDINGS

Johnson-Frost

St. John's Church yesterday was the scene of a very pretty marriage, when Rev. R. A. P. Chadwick united Miss Jeanette Frost, of London, England, and Mr. Charles Johnson, late of the 57th Battalion, R. E. F. Miss Frost attended the bride, and Mr. J. Sidler supported the groom. The bride was given away by Mr. John J. Collins, of "Uplands." The church was beautifully decorated for the occasion. A handsome bride, looking charming in a suit of navy blue cloth, heavily embroidered in silk, and the bridegroom wore a handsome navy blue suit. A reception was held at the home of Mrs. W. Denny. Numerous friends of the nuptial couple were present to extend to them their good wishes. Mr. and Mrs. Johnson will make their future home at Shawinigan, B. C.

City & District

Purple Star Lodge — Tomorrow evening members of the Purple Star Lodge will hold a 500 card party in the Elks' Hall.

Y.W.C.A. Swimming Classes — The swimming and gymnasium classes that are run each winter in connection with the Y.W.C.A. will open tomorrow.

May Charge Oak Bay — Fire Chief Vernon M. Stewart suggested to the Council last night that Oak Bay municipality be charged a \$300 service fee monthly for fire protection.

September Clearings — The bank clearings for Victoria for the month of September show a total of \$3,469,845, as compared with \$3,284,884 for the same month last year, and \$11,727,457 in 1920.

Dr. Hadwen's Portrait — A fine enlargement made by Mr. Will Griffin from a portrait of Dr. Walter Hadwen may be seen in the window of C. H. Smith & Co's Art Store on Fort Street. Dr. Hadwen will lecture in Victoria next Friday.

King's Daughters — The regular monthly meeting of the uniting King's Daughters will take place tomorrow, at 3 p.m., in the rest room. All members are requested to attend owing to the commencement of the season's work.

Opening Dance at Marigold — The first of a series of dances at Marigold will be held on Friday from 9 until 1 a.m. A five-piece orchestra will be in attendance and refreshments will be served. The interurban car leaves the city at 8:30 o'clock.

"JACK CORNWALL" TO BE PICTURE GIVEN BY ESQUIMALT CHAPTER

The Esquimalt Chapter, I. O. O. F., held its monthly meeting at Mount Adelaide yesterday afternoon. It was presided over by the regent, Mrs. Croft, and there was a good attendance. The educational secretary, during her report, put in a plea for a "Jack Cornwall" picture to be given to the Lampson Street School by the chapter, this request being acceded to.

Mrs. N. F. Shaw reported for the Echo secretary, mentioning the autumn carnival and in connection with this mentioned Mrs. E. McTavish and Finland were appointed to attend the Municipal Chapter meeting on Thursday afternoon to learn more of the general arrangements for the event.

A lengthy discussion regarding the community chest scheme took place among the members, but the matter was left over for a further consideration at the next meeting. Invitations for the patronage of the chapter members for an entertainment to be given by the Connacht Seamen's Institute in the near future were extended by Mrs. A. Thomson, president of the Ladies' Institute Guild. Mrs. Barclay was installed as a new member.

The question of being more friendly to strangers coming into the district to reside was mentioned by the regent and endorsed by the meeting, all agreeing to act on the suggestion. A committee consisting of Mesdames George S. McTavish and F. N. Wright was appointed to make preliminary arrangements for a dance to be given the first week in November, the proceeds from which will go to swell the chapter's funds.

After the meeting buffet refreshments were served, a table beautiful with fragrant pink snapdragons, the hostess, Mrs. Croft, and Mrs. MacDonald presiding at the tea and coffee urns.

MONTREAL, Oct. 2.—It was officially announced today at the offices of the Railway Association of Canada that direct negotiations between Canadian railways and shopmen on the wage issue will reopen in Montreal next Wednesday. The shopmen's wage schedule committee, which disappeared two weeks ago, has been summoned back to town by Charles Dickie, secretary of the shopmen.

RELIEF WORK BEING DONE BY RED CROSS

Reports at Executive Meeting Last Week Testified to Activities at Merrville and Elsewhere

Requests have been made to the Red Cross to establish nursing service in a number of new districts, according to the report of Mrs. Anna M. Stabler, director of nursing, given at the executive meeting of the British Columbia division of this society last Thursday at Vancouver. In this connection, Mrs. Stabler reported that Red Cross nurses were at present on duty in Nanaimo, Kamloops, Shuswap Lake, Arrow Lakes district, Valido, Trail and Penticton. Also Red Cross nursing classes were being conducted and during the year 432 certificates were awarded for home nursing; 215 for "Little Mothers," and 181 for First Aid.

Even Vancouver has requested the establishment of home nursing classes, and a district in the Okanagan was anxious that a travelling instructor be sent. Altogether, fifteen addresses on public health had been given in various parts of the Province, some of these having been illustrated by films or slides. Help had been given to isolated communities, simple medical and surgical supplies having been sent, together with Red Cross literature.

Trying Conditions

"One such community was sixty miles from a physician and in cases of confinement it was necessary for a settler to have \$250 in hand in order to secure the services of a doctor," said the report. "In one district the society had expressed its willingness to finance operations required by six children who needed such attention for the correction of physical defects. A limited amount of dental work would also be financed."

In connection with the Red Cross "Disaster Relief" fund, Mr. Forsyth reported that the head office in Toronto had recently sent notice that arrangements had been made with the Department of Militia and Defence that tents, blankets, field kitchen, etc., might be issued from military stores to the Red Cross in the event of a disaster, and that the G.O.C. of this military district had confirmed this. This matter brought up reference to the Red Cross relief work in connection with the Merrville and Lang Bay disasters. Nurses and clothing had been sent at once to the scene of the fire, and about \$400 of the society's funds had been spent on supplies, etc., in addition to the Red Cross nurses' salaries and incidental expenses. Mr. John Ridington had undertaken the administration of relief grant for Lang Bay sufferers. These two matters had called attention to the need of working out an organized plan of disaster relief.

Service to Lightnings — Mr. Forsyth reported also as to the survey of the Red Cross light-houses by a fully qualified Red Cross public health nurse. The survey would be made some time this month. The Red Cross had also made 21 loans to veterans, many cases of distress having been relieved, and appeals for clothing responded to.

The society is appointing a fully qualified organizer for the Junior Red Cross work, the appointee to succeed Miss L. A. More, of Victoria High School staff, who had kindly consented to carry out the preliminary work with the idea of surveying the field.

Mr. Frank Barnard, Provincial president, presided at the meeting, among others present being Mr. A. P. Hildebrand, Mrs. G. MacKenzie, Fort George; Mrs. Harold Fleming, Victoria; Mr. F. W. Jones, Victoria; Mrs. E. M. Baxendale, Trail; Mrs. J. Standen, Penticton; Mrs. A. M. Stabler, director of nursing; Vancouver; Mrs. R. H. Lee, Kamloops; Mrs. J. R. Davidson, Nanaimo; Mrs. J. C. Gill, North Vancouver; Mrs. Clement Holden, Vancouver; Miss Helen Randall, Vancouver; Rev. E. E. Grace-Hutchinson, Sorrento; Mr. John Ridington, Vancouver; and Mr. A. J. Forsyth, honorary secretary-treasurer, Vancouver.

Cathedral A.Y.P.A.—Young people of Christ Church Cathedral parish met last night in the schoolroom and elected officers for the season for the parish branch of the Anglican Young People's Association. Dana Thompson is president; Claude Connorton, vice-president; Phyllis Gates, secretary; H. V. Little, treasurer. The executive committee will consist of the officers, together with Miss Joyce Burrell, Miss Violet Josephs and Mr. E. Lane. It was decided to hold regular meetings on the first, third and fifth Monday evenings of each month.

PREMIER PLEASED AT CONVENTION RESULTS

Best of Its Kind Held in B.C., Hon. Mr. Oliver Declares—Civil Service Change Coming

"The best convention of the Liberal party I have ever attended, and I have been at them all in this Province," declared Premier Oliver on his return yesterday afternoon from Nelson, where he and other members of the Provincial cabinet attended the Liberal convention held last Thursday and Friday. "The outstanding feature of the gathering was its harmony, and the desire of all delegates for co-operation and information," said the Premier.

All the members of the cabinet are again at their desks. Hon. J. D. MacLean, Provincial Secretary; Attorney-General Manson and Hon. E. D. Barrow, Minister of Agriculture, returned to Victoria Sunday afternoon, and Premier Oliver and Hon. John Hart, Minister of Finance, got back on the afternoon boat. Hon. W. H. Sutherland, Minister of Public Works, will not be back until tomorrow.

Ironed Out Differences
The convention, the Premier considers, did a great deal in smoothing out minor differences which inevitably arise, due, he considered, to a very great extent to the work of the Government not being fully understood by its supporters in outlying districts. That these differences were occasioned through lack of information of the Government's work was, the Premier stated, evidenced at the convention. The close association of representative Liberals at the gathering, however, was instrumental in removing these misunderstandings.

"We met many Liberals in private conversation, who told us 'We didn't know these things. Why did you not tell us?'"

It was in view of this attitude that the convention considered the necessity of a plan for greater publicity of the Government's work.

"We have been trying to shape things for months so that we could get more publicity for our work and get in closer touch with the people. It was not that we did not know the desirability of publicity, but we were simply unable, through pressure of work, to get around to that matter," stated the Premier, who intimated that from now on the public will be kept more closely in touch with the life and work of the Liberal administration.

Civil Service Changes
Press reports, some of the returned ministers intimated, were hardly fair to the Premier in regard to his attitude on the question of the civil service system, having made it appear that the convention's idea was to oust the present act and bring a return of the old system of patronage. On this point Premier Oliver made it clear that the present system has not worked to advantage, and there will be a change, but just in what manner the change will be made he does not as yet know.

"What change will be made I do not know, but it is going to come," asserted the Premier yesterday in making clear just what attitude he took on the matter at the convention. "What I said at the convention was this: The policy laid down by the former Liberal convention was for a non-partisan civil service. The late Premier Brewster, acting on this decision, obtained the services of Professor Shortt and the Civil Service Act was placed upon the statute books. I told the convention that the results have not been satisfactory to our supporters nor to the Government, and that I would have a change or know the reason why, and that soon. That was all that I said. There has got to be a change of conditions. I did say this, that we had, by means of the act, transferred the patronage from the members of the Legislature and of the Government into the hands of an appointive of the Government, and the results had not been satisfactory to the people nor to the Government."

Will Be a Change
"One thing I have in mind in this respect is this: The present civil service examinations are merely theoretical examinations. The person obtaining the highest standing at an examination may be totally unfitted as an administrator. That has been proved. I can give no idea of what the changes will be, but that must be considered, but I realize a change is necessary and it is going to come."

Premier Oliver admitted there had been a great deal of criticism in convention both of the Government and of the civil service system, though the name of the civil service commissioner was not mentioned.

On other matters before the convention, notably the P. G. E. and the liquor question—the two most outstanding subjects on which differences of opinion exist in the party's ranks—the Premier had nothing to add to the press reports of the discussions at the meeting.

Mr. Manson's Views
That the convention in deciding to treat the liquor question as a non-partisan one had taken the proper step was the opinion of Attorney-General Manson, who expressed his pleasure at the convention's finding that the administration of the department has been very satisfactory under his regime.

"The only regret felt by delegates was that the meeting was not sufficiently lengthy to deal with many matters requiring attention," said the Attorney-General. "New contact has been established between the Government and the people through the delegates, and the decision to hold another convention next year is indicative of the interest taken in the welfare of the Provincial Government and party."

"The holding of the convention at Nelson permitted full representation from the interior sections and undoubtedly there will be a better understanding between the Coast and Interior sections as a result. Naturally I was pleased at the convention deliberations because there was nothing but commendation expressed in respect of the complex and multiple activities of my own department. The Premier was tendered a splendid reception, which must have been very gratifying to him. Altogether, we left Nelson feeling satisfied that the Province is assured of good government under Liberal auspices for many years to come."

Opinions of Others

Other ministers expressed similar sentiments on the outcome of the Nelson gathering. True, there were untoward incidents not on the pro-

gramme which created added interest, notably two railway accidents, one going to Nelson when eight cars of a special train occupied by delegates were derailed, and one returning, on Saturday night, when an engine on the train on the Kettle Valley Railway, near Hope, ran into a rock slide and was thrown off the track. A terrific electric storm was raging at the time, and all wire communication was down. The 150 delegates on the train were rescued via Merritt and Spencer's Bridge, and thirteen hours later they arrived at a point twenty miles from where the accident occurred, finally reaching Vancouver Sunday night.

The Victoria delegates to the convention have returned, among them being Mr. F. A. Pauline, M.P.P. for Saanich, whom the convention advocated as next Speaker of the Legislature; Mr. J. B. Clearhue, M.P.P.; Mr. M. B. Jackson, M.P.P.; Mr. William Ivel, M.P.P.; and Mr. H. F. Kergin, Liberal member for Atlin, came through to Victoria.

DEAN QUANTON GOING ON LECTURE TOUR

He Will Appear at Points on Vancouver Island, and Also Along the Northern Coast

Beginning with Duncan on the 9th inst., the Very Rev. C. S. Quanton, M.A., D.D., the Dean of Columbia, will give the first of a series of lectures which has been arranged and are under the management of George J. Dyke, concert manager. Following Duncan, where it is expected the Dean will be requested to give an extra evening on the 10th, he will lecture at Parksville on the 11th, Union Bay on the 12th, and Cumberland on the Friday of that week.

Returning to Victoria he will leave by the G.T.P. for Ansox, Prince Rupert and Ocean Falls. At each of these places he is booked to give the two lectures on "Use and Misuse of the English Language," and "Humor and Pathos of a Parson's Life." He will then proceed to Powell River, Nanaimo, Ladysmith and other districts, expecting to complete the tour at the beginning of November. The lectures are spoken of as most humorous and instructive, brimful of anecdotes and laughable incidents; distinguished in style and wonderfully well delivered.

WORK OF Y.M.C.A. AMONG LOCAL BOYS

Mr. Harold Cross Outlines Purposes and Methods of Gyro Club—Aim to Make Better Citizens

The methods and purpose of the work which the Y. M. C. A. does among boys were told to the Gyro Club at its weekly luncheon yesterday by Mr. Harold Cross, boy work secretary of the association here.

Last year at the Y.M.C.A., said Mr. Cross, there had been a discussion in one of the groups as to what was wrong with the existing social system, and it had been decided that the trouble lay with defects in individuals rather than in systems. There was at the present time a great deal of discussion going on all over the continent concerning educational methods. Too much attention was devoted to the question of how much a child knew rather than what he eventually did. The Y.M.C.A.'s work was to capitalize the leisure time of the boy and to conserve boy life.

Early in a boy's teens the home and the school commenced to lose their influence over him, and that of the church was also lessened. It was then that the Y.M.C.A. stepped in.

The power of the gang was referred to by Mr. Cross. The gang spirit could be utilized for good. It could be seen that the gang met in the right place under the right leadership and with much to keep it engaged. This the Y.M.C.A. aimed to do. Boys were being trained scientifically.

The Y.M.C.A., said Mr. Cross, realized the physical, moral and social value of play and utilized it fully. The finest lessons of life were taught through play. The association taught the boys self-government and leadership. Even a "bean feed" could be made an educational process, declared the boy work secretary.

The local association had the programme and the boys, but lacked the leaders, said Mr. Cross. It aimed to eliminate lopsidedness in life, providing an all-round programme. He told of the father-and-son luncheons and their purpose, of the find-yourself campaign, which aimed to place boys in the vocation for which they were fitted. Boys who could not afford to pay themselves had memberships purchased for them by local citizens. Last season the Y.M.C.A. touched 1,500 boys in this city, and, he pointed out, stating that the boy membership totalled 542, one of the largest enrolments in any Canadian Y.M.C.A.

An interesting and well-delivered talk on fire prevention, in connection with Fire Prevention Week, was given by Gyro Ernest Greenwood, of the Vancouver Island Fire Underwriters' Association. He gave figures to show the enormous fire loss.

CUTICURA HEALS ITCHY PIMPLES

Face Inflamed and Disfigured. Lost Rest at Night.

"My face broke out with hard, red pimples which feasted and scaled over. They were in blotches and bled and burned so badly that I had to scratch them, and my face was inflamed and disfigured. I lost rest at night on account of the irritation."

"I saw an advertisement for Cuticura Soap and Ointment and sent for a free sample, which relieved me. I bought more, and after using four boxes of Cuticura Soap and two boxes of Ointment I was healed in about three weeks." (Signed) Miss Juliette Ortiz, Box 1018, San Diego, Calif., Feb. 7, 1921.

Use Cuticura for all toilet purposes. Sample Soap Free by Mail. Address: "Cuticura," P.O. Box 100, Lowell, Mass. Send 10c for Cuticura Soap and Ointment.

GRAND OFFICERS VISIT

A special meeting of Island Temple, No. 4, Pythian Sisters, was held last week for the purpose of receiving Grand Chief Elizabeth Trembath, of Roseland, G. M. of R. C. K. H. M. Davies, of Vancouver, and Sister E. E. Smith, P. G. C. of Shawinigan. During the evening the grand chief was presented with a beautiful silver and cut glass vase. Sisters Da-

vies and Smith each received pretty bouquets tied with the ribbons of the order.

The visiting officers were delighted to see such a large attendance of Knights and sisters, and congratulated the order on the wonderful advances it had made in membership, also on the capable way the work was done, the order initiating twelve candidates that night. The grand chief and G. M. of R. and C. each gave the members a short address on the advancement of Pythianism in British Columbia, and told of the great work done by the Pythianic communities throughout their domain. Later the members were invited to retire to the dining-room, where a

tony supper was served by the social committee. A solo by Sister McAllister was much appreciated. At 1 o'clock the singing of the National anthem brought a very enjoyable evening to a finish.

DOUKHOBOR FANATIC
ALARMS WORSHIPPERS

Wrapped in Sheet and Bearing Insignia, Simon Kamenchikov Interrupts Service at St. John's

Worshippers who thronged St. John's Church on Sunday morning were startled and shocked when Simon Kamenchikov, a member of the Universal Society of Friends, as the members of the Doukhobor faith are known, rudely interrupted the service, and with fervor borne of religious fanaticism, he shouted in a loud voice, "Christ is resurrected."

Clothed only in a white sheet which covered his nakedness, and bearing aloft an improvised insignia composed of a staff, near the top of which was a species of circle of cocoons around which was entwined a string of figs, dates and other fruit, with an orange at the top, the whole surrounded by a white, glistening piece of cotton, Kamenchikov had entered the church apparently unseen and unobserved. As he uttered his cry he threw up his arms, a gesture which released the sheet, which fell from his shoulders, which were bare. He had got thus far in his antics when others quickly gathered around him and amid tense silence and wonderment created by his unexpected action, he was led quietly to an outer room, where a few minutes later police took charge of him and conveyed him to police headquarters. The incident took but a few minutes, but while it was being enacted excitement reigned in the church.

It was about 11:30 a.m. that Kamenchikov entered the vestibule of the church. He was attired in ordinary clothes, and his entry was unnoticed. At the time the service had commenced and the vestibule was empty. He exchanged his outer attire for the sheet. With his standard of nuts and fruit borne aloft, he started up the north aisle of the church to the lectern.

At the time Rev. F. A. P. Chadwick, the rector, was entering upon the communion service, and despite the disturbance, he carried on without pause, an action which resulted in many among the congregation not ascertaining the real cause of the interruption. Churchwardens G. C. Hawkins and F. G. Quick promptly took charge of the intruder, who offered no resistance, and throughout was calm and quiet.

While waiting for the police to arrive questions were put to Kamenchikov, who declared himself to be the Son of God, come from Heaven. "I am the Christ Man," he asserted, with dignity.

Taken to police headquarters the man gave his address as 817 Cormorant Street. In his room, which were searched, there was found a quantity of religious documents pertaining to the Doukhobor faith and information that the man had just come from the Doukhobor settlement at Brilliant, near Nelson. His purpose in attending the church, he stated, was "to worship, after the fashion of his faith," to "teach our people and teach them the universal religion." He made no objection to donning his ordinary clothing, and appeared to be a silent, contemplative of his actions.

In explanation of the curious standard he bore into the church, Kamenchikov stated the seven archangels represented the seven archangels. The orange surrounding the circle stood for the Heavenly Crown, while the string of dates, figs and other fruits indicated the fact that the Lord was of Heaven and also of earth. The small white bannerette attached to the top of the staff was representative, he said, of the wings of archangels, the whole thing being symbolic of the Heavenly Father, His Son and the chosen ones of the earth.

Yesterday afternoon Kamenchikov was examined by doctors summoned to decide his mental condition. They stated after their examination that they could not declare him to be insane. In fact, he appeared quite rational on all matters except religion.

The church authorities decided they did not wish to prosecute the case, but the police have laid a charge against him under the Criminal Code. This charge accuses the man of acting in an indecent manner in the place of worship. The code provides a fine of \$50 for such offence with the option of one month in jail in lieu of payment. The accused will be arraigned in the police court this morning.

ALLIED PROPOSALS
BASIS FOR PEACE
NEGOTIATIONS

LONDON, Oct. 2.—Mr. Franklin Bouillon, says a Reuters dispatch from Constantinople, said today that he did not expect a reply to the Allied note from the Turkish Nationalists before five or six days, as Mustafa Kemal Pasha would not arrive in Ankara until this evening.

M. Bouillon added he was convinced from conversations with Kemal in Smyrna that Kemal considers the Allied proposals may serve as the basis for negotiations. He added that the difference between Allied and Turkish points of view concerned matters of form rather than of fact.

CHINESE SUBMIT
TWO PROPOSALS

Delegation Places Before the School Board Alternative Plans to Segregation of Oriental Pupils

Two proposals to replace the School Board's policy of segregation of the Chinese students which have been attending the city schools, were submitted to the School Trustees at a special meeting of the board last night. By Mr. Harry Hastings, a delegation, composed of Chinese, ministers and laymen, waited on the board and urged the adoption of the alternative suggested as a solution of the Chinese school situation. The board, after the delegation had withdrawn, went into committee and considered the representations made and decided to hold another meeting, at the call of the chair, before announcing its future policy on the issue.

The first plan suggested by Mr. Hastings provided for the establishment of a kindergarten school for all children of alien parents to whom the English language is not the native tongue. The children attending this school would have to be between three and ten years of age, and would be taught to speak English as much as possible. As soon as the children had learned to speak English, they would be drafted into the public schools and allowed to intermix with the other children there.

Mr. Hastings' second proposal was for the School Board to have special classes opened after school hours, say for an hour each day, so that the Chinese pupils might be able to spend extra time in studying English.

As an alternative, it was suggested that the School Board might have a class in English and composition at the night school, at which the Chinese pupils might attend and improve their knowledge of English. The Chinese would be willing to pay the fees for tuition, he said. These two plans would apply to pupils who were in third, junior or senior fourth readers in the public schools.

The delegation, which consisted of Rev. W. L. Clay, D.D.; Rev. W. L. McRae, and Mr. Cum Yow and Mr. Hope, representatives of the Chinese Benevolent Association and Chinese parents, was introduced by Rev. Robert Connell, pastor of St. Saviour's Anglican Church, said that the action of the School Board in this matter appeared to be contrary to the general principles supposed to set forth as Canadian and British peoples. He thought that every encouragement should be given to the Chinese to intermix and opportunities to become Canadian citizens.

"The Chinese people are worth assimilating, and I am glad that they have shown sufficient self-respect to oppose the board's policy of segregation," said the speaker.

"Decisions a Grievance" Rev. Dr. W. Leslie Clay told the board that his policy had occasioned a grievance and the Chinese residents of the community had felt it very deeply. He urged the school trustees to reconsider their decision on this issue, and said that by removing this grievance they will have brought two sections of the community into better relation and understanding.

standing with one another. That missionary work had suffered greatly since the Chinese segregation problem arose, was the assertion made by Rev. W. L. McRae, of the Presbyterian Chinese Mission. He said that if the board continued in its present policy, missionary work would be impossible among the Chinese here. They feel that they haven't had the support of the Christian people at large. The evening mission classes have been reduced 50 per cent since the School Board's attitude became known. News of this discontent had reached Ottawa and China, and "when a fire starts, put it out before it gets beyond control," advised the speaker, who predicted that one can never tell to what extent this feeling will run.

On the motion of Trustee Silvert, Municipal Inspector Deane was requested to furnish by the next meeting of the board a statement showing on what system the tests in English will be made in the new Chinese school.

AUTOMOBILE GOES
OVER EMBANKMENT

Major H. S. Seale and Dr. Harper Escape Lightly When Flung Over Precipice on Malahat

Major H. S. Seale, of 889 Hampshire Road, and Dr. John Harper, a dentist in the Belmont House, miraculously escaped with but a few scratches on Sunday afternoon when they were driving along the Malahat Drive in the former's car, which left the roadway, jumped over the embankment and, turning turtle, landed about 30 feet below the highway.

The accident took place about 5:40 o'clock. Major Seale and Dr. Harper were driving towards Victoria, and had reached a point about two miles from the front spring of the Studebaker automobile, which Major Seale was driving, suddenly broke, and before the car could be got under control again it had left the road and plunged over the steep precipice.

RACING SPECTACULAR
AT KENTUCKY MEET

Trotters Make Fast Time in Feature Event at Lexington, One Heat Equaling the Record.

LEXINGTON, Oct. 2.—Some of the most spectacular racing in the fifty years of history was witnessed at the opening day of the golden jubilee of the Kentucky Trotting Horsebreeders' Association here today. The feature event, the Walnut Hall Cup, went to Stanford Smith's four-year-old colt, the Great Volo.

The three heats were said to be the fastest ever trotted in the event. The third heat equalled the record set by Ante Guy in 1913. Peter Brewer, in a hot stretch drive, landed the first heat from Czarworthy in impressive style, but Cox changed his tactics with the Great Volo in the second and third heats, coming from behind and landing the brother to Peter Volo and Vagabond. Czarworthy was not prominent after the first heat. Frank P. Ellis' Billy Jane, of his own breeding, with the local trainer, Ben White, as pilot, won the third, first round of the two-year-old division of the Kentucky Futurity. W. H. Dickerman's Finvarra was an easy winner in the 2:15 trot, which opened the meeting. Plain Mac, from "de Sturdy Stable," was the favorite, but the brother of Escottio was not to be denied.

The closing event went to The Comet, driven by Harry Thomas, the finishers being close in each heat, and the time 2:03 1/2 and 2:03 1/4.

UPLANDS GOLF MATCH

Captain's Team Wins Both Singles and Foursomes Even Secretary's in Final Match

In the trial match played on Sunday at the Uplands Golf Club between the Captain's and the Secretary's teams, the former were successful both in the singles and foursomes. The scores were as follows, the members of the captain's team being named first in each case:

Singles
Price, 1; Darcus, 1.
Henderson, 1; Fairbairn, 1.
Leith, 1; Freeman, 0.
Savident, 0; Collings, 1.
DeCartaret, 0; Thompson, 1.
Thompson, 0; Chaloner, 2.
Parry, 1; P. Edmunds, 0.
Emsley, 1; Thomas, 0.
Laurie, 0; C. Morrison, 1.
Foules, 1; Caven, 0.
Gordon, 0; Hepburn, 1.
Pretty, 0; Warder, 1.
Staden, 1; McCallan, 0.
P. D. Morrison, 1; Young, 0.
Total—Price's team, 5; Freeman's team, 5.

Foursomes
Price and Henderson, 2; Darcus and Fairbairn, 0.
Leith and Savident, 2; Freeman and Collings, 0.
DeCartaret and Thompson, 0; Edmunds and Chaloner, 2.
Parry and Emsley, 2; P. Edmunds and Thomas, 0.
Laurie and Foules, 2; Morrison and Caven, 0.
Gordon and Pretty, 0; Hepburn and Staden, 2.
Staden and Morrison, 0; McCallan and Young, 0.
Total—Price's team, 8; Freeman's team, 4.

PROSPECTS PROMISING
FOR WAGE AGREEMENT

CHICAGO, Oct. 2.—Approximately forty-nine roads, west of the Mississippi River, embracing all the principal carriers in this section, tonight were reported ready to sign an agreement with the Brotherhood of Railroad Trainmen and the Order of Railway Conductors continuing the present rates of pay and rules, with some slight changes for another year. Negotiations began this morning between a committee of executive and heads of the trainmen and conductors. Only two main points were at issue—overtime and rates of pay. The discussion today was friendly, and indications are that the agreement will be formally reached tomorrow.

NEW YORK EXCHANGE
NEW YORK, Oct. 2.—Closing exchange quotations at 4:31 for today, Friday, and at 10:00 for demand.

Canadian dollars, 100 1/2.
France, demand 2 1/2.
Italy, demand 4 1/2.

METHODISTS READY
TO MAKE SACRIFICE

Mr. George Bell, Victoria, Joins in Vigorous Discussion of Near East Problem at Conference

TORONTO, Oct. 2.—The Methodist general conference today launched into a vigorous debate on the part Canada was to play should Britain go to war with the Turks. It was interjected into the proceedings when a delegate intimated that, owing to the Near East situation being critical, the report of the committee named to draft a resolution should have right of way to present it at once. The resolution was expressing the wish that an honorable solution of the question could be peacefully arrived at, and concluded as follows:

"It is in spite of every honorable effort to discover a peaceful solution, this result cannot be obtained, we beg to assure the British, Canadian and Newfoundland and the Bermuda governments that the Methodist people of the Dominion of Canada and Newfoundland and the Bermudas, as in the late war, will be prepared to make any sacrifice in the interests of liberty and justice."

The resolution was finally referred back to the committee until there was more time to discuss it, the appeal of Grace Church, Winnipeg, having been scheduled to come up.

However, before the decision to leave it over was accepted, requests that it be passed without discussion were urged on the one hand, and that it pledged the churches to too much and should be toned down, on the other hand. One delegate urged that the resolution pledged Methodists, if need be, to go to war with the Turks over the Dardanelles question. It was claimed the conference had no authority to make any such pledge.

Others said: "If we can't speak for the Methodists of Canada, who can?" "You are pleading the Methodist Church almost to a religious war," said George Bell, of Victoria, B.C., and he questioned the advisability of such an action.

"Only half a century ago Great Britain deliberately closed the Dardanelles," said Rev. W. G. McCall, of Brockville. "As I understand it, this is not a question of protecting the liberties of Christians in Asia Minor at all. It is merely a question of repelling the Dardanelles. I am not ready to lay down the life of my boy to keep the Dardanelles open, or closed."

"If Britain goes to war with the Turks it will be a religious war," said Rev. Charles D. Baldwin, of Sharbot Lake. "The Turks will make it a religious war and will do their utmost to break the Christian religion hip and thigh. We might put in the resolution that the Methodists would do their duty. If the Methodists believe it their duty to be in his war, they'll be there. Who can speak for Methodists if we can't?"

V.I.A. RUGBY MEN
HOLD FIRST WORKOUT

Club Will Have Strong Line-Up Under Captaincy of Pendray—Cabaret for Muir Fund.

The V. I. A. A. Rugby players held their first practice of the season in the club gymnasium at Victoria West last night, nine players turning out. They also held their organization meeting when Harold Pendray was elected captain and Billy Huxtable secretary. Prospects seem bright for the V. I. A. A. coming back into the game with a good team, in which will be included Pendray, Huxtable, Harold Lineham, Cliff Steele, Buck Calder, Maurice Broadbent, Jack McRae, George McRae, F. Tolmie, Jimmy Gibbons, Bob Colpitts and Ted Beals. Another practice will be held in the gymnasium on Thursday, and the first field practice is called for Saturday.

The girls' basketball team will hold their first practice tonight. The Rugby men and the lady basketballers will hold a cabaret at the Vogue on October 12 for the benefit of the Muir fund.

NOTED RIFLE SHOT DEAD

OTTAWA, Oct. 2.—For nearly thirty years a regular attendant at the Bisley shooting matches in England, and a strong competitor for the Governor-General's cup at the D.R.A. meet here last August, Joseph Lowe, of Liverpool, England, died suddenly here Saturday afternoon. Mr. Lowe only arrived in Ottawa Saturday morning from Wankarem, Man., where he had been visiting his brother, Ernest Lowe. He was to leave this week for Toronto and sail from Halifax on November 1 for England. Death was due to heart disease.

ROYAL, Today

The Storm

A Stupendous Screen Version of the Sensational Stage Success, Featuring

House Peters

VIRGINIA VALLI,
MATT MOORE and
JOSEF SWICKARD

A rough log cabin hidden away in the Canadian mountains, almost buried under a snow that stretched for miles and miles, in the cabin a beautiful girl and two men; not a chance in the world for their escape for four months. Barely a situation bordering on the primitive, and one episode with interesting possibilities. On this plot was written the most successful stage success in New York City, and is now duplicating that success on the screen. It is the story of the most powerful and human pictures that we have seen.

KILL UNCLE OF DAIL

EIREANN PRESIDENT

DUBLIN, Oct. 2.—Patrick Cowgrave, uncle of President William Cowgrave, was shot and killed Saturday in a hotel here by four armed men who raided the place. The intruders ordered everybody to throw up their hands. Mr. Cowgrave refused to comply and was shot with one of the men, who shot him.

The Secret of Good Health

Assist Nature back to normal action

Take

When Nature requires assistance, she will not be slow in conveying to you an intimation of the fact. Decline of energy, inability to sleep well, headache, biliousness, constipation, a general sluggishness of mind and body and any sign of digestive "unrest" should impel you to seek the aid of a reliable medicine without delay. There is no better—no surer—no safer—than this proven remedy.

At the Playhouses

COLUMBIA Like so many other THEATRE successful Cecil B. DeMille successes, the story of "Fool's Paradise," which shows again today at the Columbia Theatre, has a two-fold source. The basic theme was suggested by Ian Mackenzie's short story, "The Laurels and the Lady." This theme was developed and elaborated, the scene of the action transferred to an American setting and a tremendous dramatic moment constructed by the author, Boulton Lewis and Sada Cowan. The combined efforts of the several writers have produced a story that boasts of both power and originality, the theme—a problem of love and sacrifice as old and as new as the human race—has been presented and solved with the vividness and sharply drawn characterizations that are typical of Cecil B. DeMille productions. The principal roles are played by Dorothy Dalton, Mildred Harris, Conrad Nagel, Theodore Kosloff, John Davidson and Julia Faye. The cast is large and capable.

CAPITOL The desert may lack THEATRE many things but there is no scarcity of bugs! This applies to the "desert" near Oxnard, California, where George Melford made the scenes for "Burning Sands," featuring Wanda Hawley and Milton Sills, and now playing at the Capitol Theatre. The myriads of moths fluttering about in the lighted space before the camera are always a problem of night "shooting" in warm weather. Several schemes have been devised for getting rid of them. One is a machine with a powerful suction fan which draws the winged pests into a wire cage. Another scheme used by Tom White, production superintendent of the George Melford Company, was to place strong lights immediately over the scene. The moths fall into this and perish. For both of these to be effective, it was necessary to turn off, from time to time, all lights except the scene lights of the stage. Another plan, used by Paramount on location at Balboa, was to place a powerful "sun-ray" lamp a short distance from the actual shooting site and throw its beams away from the actors. All other lights were then turned off, and the moths flew to the great beam of light. Then the working lights were turned on, and the scene quickly "shot" before the bugs got back.

DOMINION Proving itself to be one THEATRE of the most vigorous photoplays seen here in many months, "The Valley of Silent Men," a Cosmopolitan creation for Paramount, featuring Alma Reubens, was greeted with marked demonstrations of approval by a large assembly of picture fans at the Dominion Theatre last night. It was filmed in the Rocky Mountains of Canada, in the precise spot described by James Oliver Curwood in his celebrated novel upon which the picture is based. Frank Borzage, the creator of "Humoresque" and other notable picture productions, has displayed no inconsiderable skill in his latest effort. Miss Reubens, appearing as a young Canadian girl who loves a valiant corporal of the Canadian Mounted Police when he, believing himself to be dying, confesses to murder in which he is innocent, in order to shield her brother, has a role of signal dramatic force in the rendition of which her talents are admirably displayed. Her support generally is excellent, the characterizations of Lew Cody, Joe King, George Nash and others, being all that could be asked for.

PLAYHOUSE The one form of ENTERTAINMENT that cheered the London audiences and made them forget their troubles and the fear of air raids was the revue, and the one revue that made the greatest impression was "The Bing Boys." Produced first of all at the Alhambra in London, the revue was to a great extent an experiment, but it was no sooner seen than it was famous and it continued to play to crowded houses for an unprecedented run. "The reasons for its immediate and lasting success are not difficult to find. Adapted by George Grossmith and Fred Thompson after a very famous French production by Messrs. Rip and Boucquatte, "Les Fils Toulou," with music by that prince of composers of modern song, Nat G. Ayer, and further enriched with sketches, caricatures and miniatures of comedy by such prominent musicians and composers as Eugene Poincaré, Philip Brahan and Ivor Novello, the revue itself, before it was produced, contained every concomitant of success. "The Bing Boys" will be the feature of Playhouse show Number Five, starting Wednesday night, October 4.

ROYAL Something new in eternal VICTORIA at triangle situations is revealed in "The Storm," the powerful Universal-Jewel attraction, which had its local premier at the Royal Victoria Theatre last night. It will be recalled that the stage version of Langdon McCormick's play took New York off its feet, and was wildly acclaimed as one of the dramatic events of a decade. Replete with dynamic situations, powerful climax and anti-climax, marvelous scenic and perfectly acted, "The Storm" rises to hitherto uncharted heights in the film world and sets a target for

AMUSEMENTS

The Screen
Capitol—"Burning Sands."

Royal Victoria—"The Storm."

The Stage
Playhouse—"The Bing Boys." Engagement, Wednesday night, and balance of week.

producers to aim at for many months. "The Storm" is a story of two men and a woman snowbound in the fastness of far north mountains for four months. One of the men hates women because he had never met any. He greets the girl's arrival with open fear. The other knows the secret from scores of affairs in London. He has hidden himself away in the mountains to escape all women. But within a week both men decide "this particular girl is the most desirable person in the world. Out of this strange situation emerges the primitive passions of the trio. The vengeful is stripped of his and they appear in their true colors. The sweetness of woman's nature is unable to overcome the hatred the one time friends feel for each other. The roles are difficult of interpretation, of great praise cannot be accorded House Peters, who plays the role of Burr, frontiersman, in a manner that leaves nothing to be desired. Virginia Valli and Matt Moore, the other two angles, likewise deserve the highest praise.

RADIOS PROVE BIG SUCCESS AT COLUMBIA

The Radion, ex-service troupe, put over another snappy show at the Columbia Theatre last night, using special numbers from their large repertoire, they used in France. Judging by the enthusiastic applause at both houses the boys have made quite a hit. They are full of "pep" and very funny, and are entitled to their claim that they made made the troops merry in France. A change of programme is announced for tonight's show. This is their farewell performance in this city. This opportunity should not be missed of seeing a real show and giving the Radion the send-off they deserve.

MANY ATTEND SECOND DRAMALOGUE, WHICH HAS FINE SELECTIONS

The second of the series of dramatics was held yesterday at Mrs. Chas. E. Wilson's home at Uplands. Seventy-five attended, about half of whom were subscribers to the delightful tea was served in the dining-room and hall, which had been very prettily decorated. A platform had been erected at one end of the large drawing-room. The programme opened with the reading of Vachel Lindsay's great descriptive poem, "The Congo." Next Mrs. Adams Beck spoke briefly to introduce Jack, who was introduced from which a scene had been taken from "Sense and Sensibility," which was read by herself and Mr. Bullock-Webster. Mrs. Adams Beck's delightful voice and sense of humor added greatly to the charm of the selection. After this Mr. A. D. Ford recited Edgar Allan Poe's "The Hound," with great technical skill, and followed it up with a stirring interpretation of Kipling's "Gunga Din," which was greatly appreciated. Miss Marjorie Cates was enthusiastically prevented by illness from taking part, but Mrs. Harold Kennard very kindly took her place at very short notice, and delighted the audience with her reading of one of the "Duties of a Soldier," with Mr. Bullock-Webster. After examples of very old and modern verse, including "John Grumpey" and A. E. Housman's "Shropshire Lad," Mrs. Adams Beck introduced Bala's "Digit of the Moon," from which two stories were read. Finally, Mr. Bullock-Webster was asked to read "The Cow" a second time, which he did. This stirring poem is unique in its vivid description of Central African cannibal life. The next dramatic took place at the home of Mrs. Helen Gellese on October 15, at 2:45. All information can be had from Mrs. H. R. Heaven, Arden.

SEE LONDON

For passengers destined for Scandinavian points, especially those who have never seen Great Britain, the advantages of a journey via Southampton on the Canadian Pacific steamships offer many attractions. There is a weekly service from Canada by four of the best and largest steamships, with food and service and accommodation of the most modern standard. All passengers are berthed in cabins containing two, three or four berths. Married couples and family parties are given special attention. The passengers are met at Southampton and escorted to London, where motor omnibuses, under the care of a conductor, take them for a sight-seeing tour through the city. The many places of interest are described during the trip. Open cars are provided during fine weather and in the event of showers there are closed cars in use. Closed cars, heated by electricity, are used in winter. At the end of the tour the passengers are escorted to the train, which makes connection with the steamships sailing to Scandinavian ports.

Should it be necessary for passengers to await over, they are provided with board and lodging at a hotel. Baggage transfer is provided. British visa is not necessary on passports of passengers booked through to Scandinavia. Cabin accommodation is provided for cabin and second-class passengers on the North Sea steamships.

Schnorrer Ashore

Miss Beatrice Grimshaw, English authoress, lived 15 years among the South Sea cannibals.

EMPRESS GOES TO VANCOUVER DIRECT

AUSTRALIA RETURNING FROM SEA WITH ENGINE TROUBLE

Sailed Last Thursday—Mainland Officials Here Today to Meet Steamer by Launch

Forced to turn back to port with the development of engine trouble at sea, the big Canadian Pacific Empress of Australia is due off Victoria this afternoon, en route direct to Vancouver. Captain E. E. Beetham, R.N.R., manager of the Canadian Pacific Steamships Ltd., on this coast, and other officials from the Vancouver office, will reach Victoria today, and will this afternoon take launch to meet the vessel in the Straits and board her for the trip back to the Mainland port. Reports that she would dock here and that repairs would be carried out at this port were deemed to be altogether without foundation yesterday by Mr. L. D. Chatham, of the local Canadian Pacific office.

The Australia, on her second voyage to the Orient in the company's service, sailed from Vancouver last Thursday morning, and from Victoria the same evening. She was several hundred miles at sea before Capt. S. R. Robinson decided to head back for Vancouver again. Exactly what the trouble is has not been made public. Her engines, however, have been claiming a good deal of attention from the company's engineers ever since her arrival on the coast, and at Vancouver last week, after being worked over for some days by the shore staff, she was given a final 24-hour trial spin about the Gulf before being dispatched to sea. The malicious hand of the German shipbuilder is attributed in some quarters as the cause of the vessel's difficulties, as she is a Teuton-built steamer, completed under the auspices of her German builders to be handed over to the British Government. Capt. Beetham disposed of all such suspicion last week, however, declaring that "it is impossible to change a lamp now, and without having someone make an international matter out of it."

A big passenger list, approximately 750 in all, is aboard the returning liner. The Empress of Asia, sailing on Thursday, may take a few of them, although in this season of rush months to the Orient it is believed that there can be little accommodation left on the Asia at this date. The steamer lists have not been as heavy as usual on recent sailings, however, and it is likely that most of the 350 Chinese aboard the Australia can be given passage by the Asia. The first, second and third-class passengers will wait for the Empress of Canada, which is expected to sail next Monday, to sail again about October 19.

RESTRICT MALTESE

A circular issued by the British Consul-General, Naples, has been received by the Canadian Pacific, advising that "the British Consul-General has been requested by the government of Malta to refuse to issue passports to Maltese for Australia or Canada if they are presented at this Consulate-General, without a Maltese official endorsement for those countries, and instructions have been given accordingly."

"The Consul-General would be much obliged if shipping companies engaged in the business of transportation of emigrants from Naples to Australian ports, or from Naples to American ports en route for Canada, would refuse to furnish passages to Maltese emigrants to those countries unless their passports are endorsed by the Maltese authorities as described above."

GRAIN SHIP UP

The ss. City of Durham passed up Vancouver yesterday morning, picking up a pilot off Victoria at 11 o'clock. The vessel is one of the first grain steamers to load on the Mainland this season.

ISTHMIAN LINE SAILS

The Isthmian Line ss. Steel Navigator passed out to sea yesterday morning at 2 o'clock. The vessel loaded on Puget Sound and at Vancouver for Atlantic United States ports.

FURNES PRINCE SHIP WHICH LOADED HERE IN COLLISION IN THAMES

While entering the port of London, September 25, the Furnes Prince, a freighter Mongolian Prince, 1,715 tons, was damaged in collision in the River Thames, according to word received here yesterday. The vessel loaded here yesterday. The vessel was left for London, via Glasgow, Captain Holloway was in command at the time of the accident.

NIPPON SHIP MAKES DASH FOR STATION

Hawaii Maru Endeavoring to Reach Quarantine Before Sunset Tomorrow From Orient

Ritoh Consolidated, Ltd., O.S.K. agents, expect the Hawaii Maru, Capt. T. Suruga, to reach William Head on Wednesday, although it is considered doubtful whether the vessel will be along soon enough to get through quarantine that night. Unless the Japanese uncovers a final burst of speed, it is more than probable that it will be Thursday morning before she presents herself to the station staff for inspection.

Fifty-nine tons of cargo are aboard the Japanese ship for discharge at Victoria. The passenger list consists of 19 steers, all Japanese, for Victoria, and six cabin and 24 steerage for Seattle. Twenty-seven parcels of mail will also be placed ashore at this port. It is believed that Canadian points and the six remaining for aerial transport to Seattle by the Seattle-Victoria air mail service.

BRENTA TO SEATTLE

It was reported yesterday that the Italian steamer Brenta had been diverted to Seattle and would proceed direct to Puget Sound on coming in from sea. The vessel is still some distance out. She is a carrier of 3,219 net register tons, about the same size as the bigger C.G.M.M. steamers on this coast, and is returning from Hong Kong, where she carried a cargo from New Orleans.

Lake Skipper Dies

BROCKVILLE, Oct. 2.—Captain William Murphy, for 50 years engaged in lake and river navigation, is dead at Morrisburg, at the age of 88.

LADYSMITH NOTES

LADYSMITH, Oct. 2.—Miss Thelma Lundahl entertained a number of her young friends on Saturday in honor of her fifteenth birthday. The supper table was beautifully decorated in a color scheme of yellow. The young people spent a most enjoyable time with games, music and dancing.

The Thanksgiving services in St. John's Church, Sunday, both morning and evening, were well attended. The church was beautifully decorated with grain, fruit, vegetables and flowers in abundance, the sermon and music being appropriate to the occasion.

Some of the farmers in the district are complaining of the depredations made by deer, which destroy fruit trees and gardens during the night. One man has had all his young strawberry plants destroyed in this way.

Harold Mikkoila, a bad squarer last Friday while working in No. 6 camp. An overhanging log on one of the timber cars came in contact with the locomotive of a logging train and pinched Mikkoila's hip so badly that he is now forced to travel round on crutches, but he feels pleased that the injury is no worse.

William Pearson is enjoying his holidays, and left for Kamloops on Monday to visit his sister in that city.

VICTORIA LADIES' MUSICAL CLUB

Announce a

JOINT RECITAL

By Gertrude Huntley Green and Gideon Hicks

On THURSDAY EVENING, October 5th, 1922 at 8:30 at CAPITOL THEATRE

This will be the opening of the club's 1922-23 season. Box office opens October 2nd at 10 a.m. Tickets \$1.00. Mail orders may be sent to Capitol Theatre now.

Tender Juicy Roasts

With all the delicious flavor retained

No longer need tender roasts of beef be ruined through improper roasting. With one of these splendid SMP Roasters in your kitchen, you can now roast fowl or meat or bake fish to perfection! The Roaster will do all the work. It bastes—the fat drips down from above. The roast comes from the Roaster tender, delicious, juicy, full of wondrous flavor. The juices and the flavor cannot escape. They are cooked right in.

Surely it pays to cook or roast expensive meat, fowl or fish in the best utensil procurable! With an SMP Crystal Ware or Pearl Ware Roaster, you cannot go wrong. The Roaster guarantees perfect roasting. It ensures delightful tenderness and rare flavor. And then, no matter how hot or how long the roasting, an SMP Roaster cleans as easily and quickly as a china dish or bowl.

You can get SMP Roasters in any style, shape or size and at various prices in Pearl Ware—a pearly grey, two-coat enameled ware—or in Crystal Ware—a three-coated, snowy-white enameled ware. Sold in all hardware stores. Insist that your Roaster carries the SMP trade-mark.

MAGIC BAKING POWDER

We recommend the use of Magic Baking Powder because we know that its ingredients are of the highest quality. It is guaranteed to be the best and purest baking powder possible to produce.

POOR CLARE ORDER WILL AUGMENT FUNDS THROUGH BIG BAZAAR

Tomorrow afternoon and evening at the Knights of Columbus Hall a bazaar and sale of work will be held, to aid the funds of the Poor Clare Order in its philanthropic work among the needy of the city. The affair will be declared open by Right Rev. Bishop MacDonald at 3 o'clock.

Most attractive wares have been prepared for the various stalls, many of which would make delightful Christmas presents. The stallholders are as follows: Fancy work, Mrs. Haynes, assisted by Mrs. Bole, Mrs. Baines and Mrs. Sere; plain sewing, Mrs. Graves, Mrs. Hall, Mrs. A. Carlin, Mrs. Scallan and Miss Hartnell; men's wear, Mrs. Blair Reid, Mrs. Charles; candy, Mrs. Alex. McDermott and Mrs. Angus Campbell; home cooking, Mrs. J. D. Hallam and Mrs. Sabini; miscellaneous, Mrs. Roberts and Mrs. Davaux; "wonder" stall, Mrs. Goward and Mrs. Patton; refreshments, Mrs. Steele, Mrs. Colbert, Mrs. Hornsby and Mrs. Evans. Mrs. McManus is the general convener for the affair.

In the evening a musical programme will be given under the direction of Miss Gertrude O'Leary and several of the students of St. Ann's Academy.

Great Breakfast Dish

Stewed raisins—delicious energizing, ironizing food.

Practically predigested. Also a fine natural laxative. Make it regular and get the best results.

STEWED RAISINS

Cover Sun-Maid Seedless Raisins with cold water and add a slice of lemon or orange. Place on fire, bring to a boil and allow to simmer for one hour. Sugar may be added but is not necessary. Sun-Maid Seedless Raisins contain 75 per cent natural fruit sugar.

ASK MERCHANTS FOR Sun-Maid Raisins

In the evening a musical programme will be given under the direction of Miss Gertrude O'Leary and several of the students of St. Ann's Academy.

Foster's Great Fur Sale

Our entire stock is on the bargain counter, also sale prices on the repairing of furs and sale prices on the making over of your furs into the new styles.

VICTORIA BOY WINS WOOD BADGE

TOY SCOUT PARAPHERNALIA IS
CAST INTO SEA

Old-Time Scouting Equipment Was
Scrapped at Byng Camp—In-
vestiture Ceremony

To Victoria falls the distinction of
numbering amongst its scouts the
holder of the first Wood Badge.

The course of training was con-
ducted by Mr. Rodney C. Wood, the
celebrated big game hunter, explorer
and pirate of the Seychelle islands,
who was sent over from the Scout-
masters' training centre at Gilwell
Park, England, by the chief scout,
specially to reorganize scouting in
Canada on the lines originally intended
by the founder, Sir Robert Baden-
Powell.

The course was attended by an en-
thusiastic band of scouts from all
parts of British Columbia who, de-
spite the typical Vancouver weather
experienced at Byng Camp, played
the game of scouting for boys with
undamped enthusiasm. All were
duly passed by the camp chief as
qualified to train real scouts.

Some of them are at present taking
the theoretical part of the training,
but Scoutmaster Leslie Sykes, of St.
Mary's Troop, Victoria, who had al-
ready passed this portion of the
course, was at the concluding session
duly announced by the Baden-Powell's
representative as the first Wood
Badge Scout trained in Canada.

The Wood Badge is the only pro-
ficiency badge worn by scoutmasters,
and signifies that the holder is
pledged to advance in every way the
true ideals of scouting as laid down
by the chief scout himself.

At this session also, the whole
course solemnly reaffirmed their
Scout Promise and their adherence
to these ideals, and were received by
the camp chief into the membership
of the Worldwide 1st Gilwell Park
Troop.

This was immediately followed by
a ceremony destined to make history
in the scouting of British Columbia.
All the horrible examples of old-time
scouting, from bugles and drums to
the woodpecker "axe" and broom-
stick staff, were solemnly repudiated
and consigned to a watery grave in
the Straits of Georgia.

Headed by the camp chief, who
personified the military type of
"Scoutmaster," and a band composed
of such camp impedimenta as could be
relied upon to produce the maximum
of noise, the procession was formed
and the Dead March being chanted,
Scout Sykes, as chief mourner
(though signs of grief were conspic-
uous by their absence), took charge
of the remains and cast them into
the sea.

The "band" immediately struck up
a lively air, while the other scouts
of the Gilwell Troop proceeded to
a vigorous purification of the new
"Brook" after his contact with the
unclean thing.

Those who attended the camp reas-
sembled at the Citizens' Club in Van-
couver the next evening for a fare-
well dinner. The toasts for the eve-
ning were The King, The Chief and
Our Visitors. In the centre of the
table there stood, draped in crepe, a
specimen of the woodpecker "axe,"
which, after great effort, had been
driven into a block of wood. An up-
roarious evening was spent, the chief
items of importance being the singing
of the Gilwell Anthem and a lion ad-
venture related by Mr. Wood, which
was followed by the cremation of
the woodpecker "axe" with much
ceremony. A Zulu war cry brought
the evening to a close.

The course being ended, the scouts
dispersed to carry the Gilwell Park
ideals to their several districts, and
all look for a vigorous revival of true
scouting in British Columbia as a re-
sult of the camp chief's presentation
of scouting.

LANDSLIDE KILLS FIVE MEN AT ELCHO HARBOR

OCEAN FALLS, B.C., Oct. 2.—
Five men were killed in a landslide
at Elcho Harbor, 20 miles from here
celved here today. The men were in
a bunkhouse, upon which the land-
slide descended. Four of the men
were buried alive and one was swept
into the sea and drowned.

UNIVERSITY WOMEN START NEW SEASON

WELCOME MISS MARY HAMIL-
TON BACK FROM FRANCE

Efforts to Re-establish Special School
Will Be Renewed—History
of Branch

Miss Mary Hamilton, a Victoria
High School teacher, who has just
returned from a year's study in
France, was welcomed yesterday by
members of the University Women's
Club at its first meeting since the
holidays. The meeting took place at
the home of the club president, Miss
Kathryn Bradshaw, Albany Road,
and was exceptionally well attended.
While primarily arranged by way of
welcome to Miss Hamilton, who went
to France as the result of winning
a much-coveted scholarship, and who
gave a very delightful description of
her life as a student at Toulouse,
there was much else of interest at the
meeting, the winter programme be-
ing discussed, new members being
proposed, reports submitted, etc.

Mrs. Schofield's question as to
whether the club intended to do any-
thing in connection with the establish-
ment here of an expert psychologist
brought up a matter which has al-
ready had very serious consideration
by the society. This speaker pointed
out that the special school of which
Miss Winn had charge for so many
years had been closed, and the work
was going backward. The University
Women's Club had already pledged
itself to look after this matter. Mr.
Dean, the municipal inspector, had
already been approached, but nothing
definite had been done. Mrs.
Jenkins, speaking to the subject, re-
ferred to Miss Winn's splendid work
and the present regrettable condi-
tions with the disbanding of the
class.

"The School Board will not move
faster than public sentiment," said
this speaker. Finances, after all,
were a consideration, and unless the
matter were pushed probably nothing
would be done. Mrs. Jenkins re-
called that she had spoken of the
subject of special schools to Lady
Byng, who is much interested in the
matter of educating the subnormal
child, and who expressed the opinion
that Canada should establish a na-
tional fund for this work. The women
of the University Women's Club were
nearly all veterans, and they might
impress the importance of the matter
on the members of the School Board
by approaching them and asking
what their views were on the matter
of special schools. The meeting,
after a little further discussion, left it
to the executive to appoint a com-
mittee which would take the matter
up with the Local Council of Women
with a view to some action being
taken.

Mrs. E. C. Hart was asked to pre-
pare a history of the local branch of
the organization for the archives of
the Federation of University Women's
Clubs. The Victoria branch was in-
formed that its allotment this year
for the Federation scholarship is \$40,
and the secretary announced in this
connection that Miss Laura, a Vic-
toria High School girl, had this year
won the club's scholarship offered to
the girl making the highest marks in
the senior matriculation classes of
the city. The Federation scholarship
this year goes to Miss Dixie Pelluet,
of Winnipeg.

Mrs. Hyndman reported some in-
teresting features of the Federation
executive meeting held recently in
the East, and which she had attended.
A more detailed report, however, will
be given to the club by Miss Bolter,
the official delegate, who will speak
on October 14 at the next meeting of
the organization. Referring to the
difficulty of arranging for lecturers
to come so far West, Mrs. Hyndman
said that it had been suggested at the
meeting of the Federation executive
that some of the more remote clubs
might form themselves into groups
which would arrange for their own
lecturers.

Mrs. H. E. Young, who has been
appointed convener of the lecture
programme committee for the winter,
gave an outline of the plans in hand.

Nine ladies were proposed for
membership: Miss Edwards, Miss
Schafer, Miss Helen Gillie, Miss
Lorna Allen, Mrs. Hobson, Mrs.
Ernest Greenwood, Miss Rita Whit-
taker, Mrs. Layard and Miss Bailey.

After the business meeting ad-
journed the members were invited to
the dining-room for tea, the presi-
dent proving herself a charming
hostess as well as an able chairman,
being assisted by her mother, Mrs.
Bradshaw.

ANNUAL BANQUET IS SUCCESSFUL AFFAIR

Members of C. G. I. T. of St. Andrew's
Church Are Hosts at
Function.

Last Friday evening the C.G.I.T.
Group, Gemmill, of St. Andrew's
Sunday School, gave their second
annual banquet, which was attended
by about fifty guests. The group re-
gretted very much the absence of
Mr. Smith, who left Victoria by the
afternoon boat.

The leaders and group members
spared no effort to make the banquet
a success. Three large tables were
set, which were made very attractive
by the beautiful decorations which
were carried out. Three large vases
were used on each table, containing
sweet peas, dahlias and baby
breath, which were connected to-
gether by beautiful arches of Vir-
ginia creeper. The place of each
person was marked with a dainty
place card, which was hand-pointed
by the leaders.

Supper was served at 6:15 p.m.,
after which the following programme
was given: Toast, "Our King and
Country," proposed by Miss Eleanor
McLeod, responded to by singing the
National Anthem; vocal solo by Miss
Ruth Melville; toast, "Our Church
and Sunday School," proposed by
Miss Rowena Penny, responded to
by Dr. Clay; solo, Miss Elva Roger-
son; toast, "C.G.I.T.," proposed by
Miss Gladys Chambers, responded to
by Miss Helen Cruickshank. The re-
sponse to the form of a report of the
recent camp at Beaver Lake. After
the report was read Miss De
Wolf spoke a few words in farewell
to the group. In her speech she
spoke of the progress the group had
made since its formation one year
ago, also how its leaders had come
to her and said they could not lead
in the very near future. She proposed
three cheers for Miss DeWolf, which
was followed by a "tiger." After a
twenty-minute singing-song, which

ended with "Auld Lang Syne," Mr.
John Simpson proposed three cheers
for the leaders of Group Gemmill,
which was also followed by a "tiger."
The group will start on a winter's
programme on Friday, October 6.
The leaders and group wish,
through the courtesy of these columns,
to extend their sincere thanks to all
those who helped in any way to make
the banquet a success.

Among those present were: Rev.
Dr. and Mrs. Clay, Mr. and Mrs. E.
E. Robertson, Mr. and Mrs. John
Simpson, Misses Beth, May and Kath-
leen Simpson, Misses M. and B. Ham-
ilton, Misses Leitch, M. Clay, F. White,
A. Rogerson, R. Melville, Miss De
Wolf, V. Horne, Mrs. Penny, Mrs.
White, Mrs. Woodbridge, Mrs. Cruick-
shank, Miss O. Logan, Mrs. Jaffray,
Mrs. Chow, Miss J. Macrae, M.
Mitchell, E. Campbell, M. Cameron,
J. Aitken, G. Chambers, R. Penny, H.
Johnson, E. McLeod, H. Cruickshank,
E. Penny, leader; R. Kelly, leader.

You cannot make a Silk Purse out of a Sow's Ear

THE old saying—"You cannot make a Silk Purse out of a Sow's Ear," is particularly true in the oil business. There are two things that stand out in considering the quality of gasoline or lubricating oil—the raw material (crude oil) and its manufacture. You cannot make high grade oil products out of inferior crude oil any more than you can make high quality flour out of low quality wheat. That is a fundamental fact that no amount of technical talk will change.

The Imperial Oil Refinery on Burrard Inlet in British Columbia secures its crude oil supply from its oil fields in Peru, South America. This is one of the highest grade crude oils obtainable in the world. It is brought to British Columbia by our own large fleet of steamships. The advantage in having a supply of such high grade crude on which to operate our British Columbia Refinery cannot be over-estimated. It puts us in a position to manufacture oil products superior to any other offered in British Columbia.

For instance: Polarine Motor Oils manufactured in British Columbia from Peruvian crude—in spite of other oil fields much closer at hand—supplies our Canadian trade as far east as the Atlantic Ocean.

Favored with a wonderful grade of crude oil as raw material, Imperial Oil Limited, has seen to it that everything that science and money can do has been put into our complete refinery on Burrard Inlet. It has cost well over two million dollars. This refinery covers an area of eighty-three acres; but, on account of its location extending back beyond the brow of the hill, it cannot be seen from Burrard Inlet and is therefore, not as well known to the ordinary citizen of British Columbia as it would otherwise be. We welcome visitors to this refinery and they will be shown around with pleasure. The size of this refinery with its intricate and complicated layout of stills, equipment and tankage, necessary to turn crude oil into a finished product will be a distinct surprise to the average man.

There are many different classes of refineries; some of them are comparatively simple and cheaply constructed, but a complete up-to-date refinery that takes advantage of every refining process known to science costs into the millions. Without having any technical knowledge regarding petroleum refineries, you can rest assured that gasoline such as Imperial Premier—turned out in a complete modern refinery, is a different article from that turned out by refinery where it only goes through the rudimentary processes.

Imperial Premier Gasoline is the highest grade of Gasoline sold on the Pacific Coast to-day. It is made from the highest grade of crude oil obtainable—manufactured in a complete, modern refinery, by skilled and contented Canadian workmen. It is the quickest starting and most powerful gasoline sold in British Columbia, and what is more important for motorists to remember—it is still the "MORE MILES PER GALLON" Gasoline, because, although it has added considerably to the cost of manufacture, we have not secured quick-starting qualities at a sacrifice in mileage by common, short-cut methods, such as making a fifty-fifty mixture of heavy gasoline from cheap crude with aeroplane, or other light, volatile gasoline.

When you ask for Imperial Premier Gasoline, Imperial Polarine Motor Oils, Imperial Royalite Coal Oil, Imperial Distillate, you get the best products obtainable and not only that, but you have the satisfaction of knowing that eighty cents out every dollar you spend remains right here in the hands of British Columbia citizens.

HOLD EX-MINISTERS PENDING WAR INQUIRY

Referendum Will Be Taken as to
Whether They Were Guilty of
Embroiling Bulgaria in War.

SOFIA, Oct. 2.—Twelve former
premiers and government ministers
are now in jail, where they are be-
ing held in expectation of the adop-

tion of a referendum in which the
people will vote whether they were
guilty or not, guilty of embroiling
Bulgaria in war.

In the roundup which took place
last Tuesday the police were aided by
peasants, who guarded every exit of
escape from the city while the ar-
rests were made.

American women have smaller and
narrower feet than European women.
